## 2073

### EDITORIAL

Welcome to the latest issue of Prasadi Academy Souvenir 2073. It is a matter of a joy to have materialized the relentless efforts of the students and the faculties for bringing out this souvenir into its final form. The magazine serves like a year book for the students of this Academy which covers lots of topics ranging messages from the honorable dignitaries of our nation, from the Chief, interview of a celebrity, class photographs of the respective batch, momentous photographs, creative articles, poems and experiences.

We believe in imparting quality education followed by opportunity to the students so as they could pursue their goals, ideals and aspirations and even make them realize their potentiality. Hence, this magazine has helped them to bring out their true aspects. Needless to say, the students have opened up themselves to their fullest allowing their ideas, feelings, emotions, memories flow throughout the magazine. They have attempted to capture the moments of their two academic sessions in Prasadi as if they have heard some where "Enjoy every moment you have because life there aren't rewinds, only flash backs". Furthermore, Publication of the souvenir has been an unalienable part of Prasadians. So to say, it has been a floor to the Prasadians to explore their potential and showcase their latent talent and skills.

We are extremely grateful to our predecessors for their efforts in building the stature of the magazine over the past 17 years. They have worked very hard and kept both the academic faculties and students' body updated. Thanks are due to our faculties, students for their cooperation. This souvenir wouldn't have been possible without the support and encouragement of our respected Chief Sir. Thanks to all helping hands whose cordial support helped in the final preparation of this magazine.

## MESSAGE

I am pleased to know that Prasadi Academy Higher Secondary School, Lalitpur is going to publish Prasadi Souvenir, 2073 on the occasion of its 18th establishment.

Education is the key for the progress of humankind. It makes people more civilized and cultured. It helps to create an ideal society. The development process of each sector of nation is guided by proper education. Hence, we need to make our education system qualitative, competitive, scientific and practical for making our society more prosperous and developed. Government is always effortful to make education easily accessible, cost effective, qualitative, modern employment oriented and practical to all citizens. In this concern, I am happy to be informed that Prasadi Academy is providing quality higher secondary education in Science and Management stream with excellent result. The effort of this institution in providing quality education with moral values and guiding students on the path of progress and success is very impressive.

The contributions made by the founders, social activists and educationalist to establish and smoothly operate this prestigious academy with realization of quality education are commendable. Students who began their study at this academy and graduated from here have been contributing in various spheres. I appreciate the contribution of founder, board members, teachers, members of the management team and students for their continuous effort, support and devotion.

I am confident that the souvenir, published on 18th years of establishment will incorporate thoughtful, analytical and creative articles from educationalists. Similarly, it will be also able to present students' creativity, feelings, experience and knowledge and it will be useful for those who intend to know the academic status of this institutions. I extend my cordial greeting to the Prasadi family and wish the publication all success.

November, 2016

## MESSAGE

I am pleased to hear that Prasadi Higher Secondary School, Manbawan, Lalitpur is going to publish a 'Prasadi Souvenir 2073'. On this occasion, I would like to extend my voice of congratulations and good wishes to the school family.

Prasadi has done and continues to perform good services in the field of education of which the school family may indeed be proud. I have noted with great pleasure that the school has consistently increased its scope of educational activities and it has become a prominent and renowned educational centre of excellence.

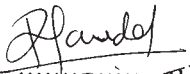

We know that education is an important tool that is applied in the contemporary world to make success as it mitigates the challenges that are faced in human life. The gained knowledge through education enables individuals' potential to be optimally utilized owing to training of the human kind. This opens the door of opportunities. The foundations of the society is based on education as it is said that a doctor will kill patient if s/he is disqualifies but the whole nation paralyses if the education system is misleading. So, this is the cry of the day that we all should be directed by the appropriate and effective education system. The advancement of the society both economically and socially is by gaining education with consequently enables them to run a modern society.

I would like to appreciate the school family who played the vital role for socio-economic development of the country through quality education. I hope that this new publication will significantly contribute to communicate occupational and educational research among educationists, policy makers allowing them to share information and learn from each other. This new publication will really be souvenir achieving its intended goals.

I wish the bright future of this school.

Thank you.

## GOOD WILL MESSAGE

I am pleased to produce the good will message for "Prasadi Souvenir 2073" on the occasion of its completion of 18 years in the academic era. As I am informed, Prasadi Academy Higher Secondary School is one proficient and knowledgeable secondary academia in Nepal. Academy is generating the good Human Resource for the country, which will assist to strengthen the nation. People's bless will always remain with the academy on behalf of National Examinations Board (NEB) for the winning secondary education in Nepal. Anticipating with speedy advancement of Prasadi careers to promote its future. Finally, I like to appreciate your victorious management to complete the 18<sup>th</sup> batch in Science and Management.

Thanking you all,

Wishing you successful future endeavors.

Regards

**CASTLE OF DREAMS:  
PRASADI**

Climbing a mountain is not an easy job to do. It needs hard work, determination and lots of strength. But before we take a step for it, choosing the right path is most important and the path I chose to move on was through "Prasadi Academy" which was obviously right decision I admire for. Prasadi was, is and will always remain as my guardian and a motivator to keep moving even after each fall. It provides the bundle of sticks, full of strength and knowledge, with the help of which I moved slowly towards my destination. On the way, I found many mates moving along with me with smiles and happiness. Enjoying each moments and harsh situations, we managed to continue our journey. All those created during the journey were most memorable days to be cherished throughout my life. Promising to keep moving in the path as a Prasadian, I would like to wish good luck and encourage for better days and better life.

**Pranaya Shrestha  
XII-Sci. A5**

**MEMORIES**

I feel like it was just yesterday when I took my first step at Prasadi and now time has come to head to different which would never have been possible without Prasadi. Prasadi has created a beautiful chapter of all the feelings and memories within 2 years. The time of fun and giggles created a beautiful memory inside me. Days were easy when friends were there, we fought, we shouted. We laughed, we knew how to enjoy every single second of life in togetherness. Study became a part of fun and it stepped as an easier phase to move with friends. I will really miss all those awesome gossips and talks we had, all those funny, pranks and jokes we had in B8. Memorable picnic and wild dance with unexpected fun.

Prasadi taught us to walk in rules and regulation, to utilize every single seconds of life and to know the value of time. Difficulties may arise, but I have aimed to keep moving myself because everything is okay in the end, if it's not ok, then it's not the end.

## TWO YEARS JOURNEY IN PRASADI

First, I entered Prasadi with my shy face and lots of nervousness. I was confused. I didn't know what I could do. Finally, I found my section 'F3'. When I spent my half of month in F3, I realized that this is the best class I had found ever. I was very happy that I was the part of the F3, the teachers used to say F3 was the best class and they may achieve success because we can see many faces of toppers. More than 5 or 6 students came in top ten lists. Manjila and Pooja, my two besties or my desk partners are craziest girls I had ever met. This section would not have been interesting without Dikshya, Ashma, Sudikshya, Jurica, Jati and many more.

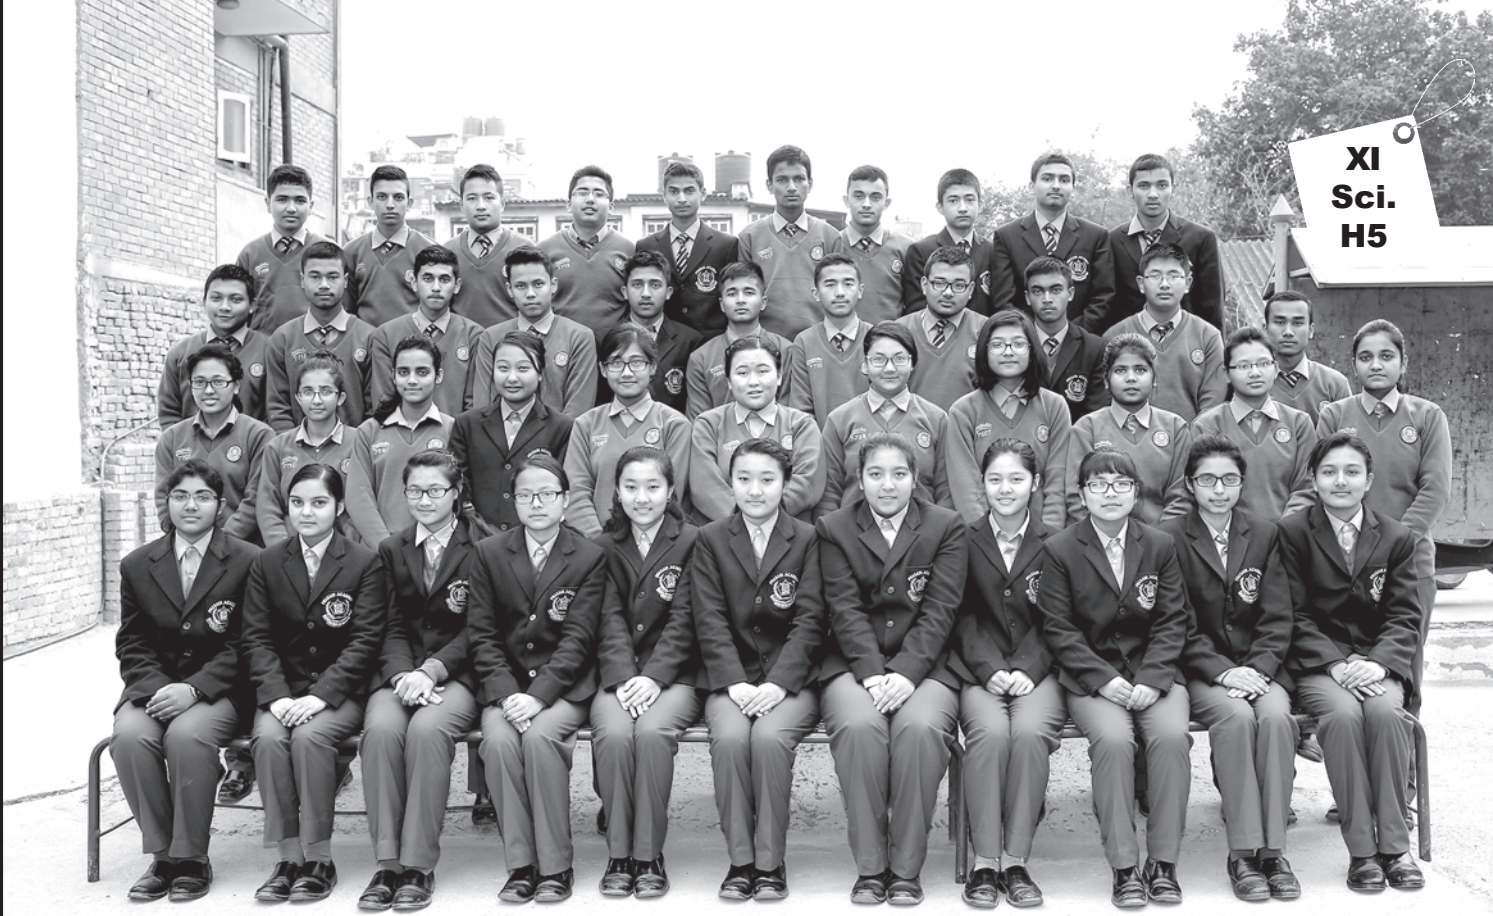

Now its time to talk about my new section 'A6'. On the first day of XII. I found my class very quiet and calm but after somedays I found this is the most light hearted class of Prasadi. Teachers started to say “yo class jasto

khattam class ta kunai chaina” because we used to make lot of noise. All were expert to laugh only. Kritika (my closest friend of XII ), Ridima and Simran (two besties who never got separated from each other). Gayatri and Prashanti (best friends from school, the funniest and craziest guys). As a Prasadian, I became friends with Arika, Beenu, Shristi, Rhea, Shreya (Maharjan), Shreya (Poudel) and other. Simply, they are also good friend of mine. In case of teacher, RPY Sir, SND Sir, Hamal Sir, GT sir, GG Sir, SKS Sir, MDM Ma'am, SK Ma'am, HPBM Sir, SSA Ma'am. They will always remain in my memory. The friendship that I made in those two years will always remain in my heart.

At last, life is too short. It seems yesterday that waiting on long line to get form and now it's time to say goodbye to Prasadi. Each and every moment I spent in Prasadi was memorable. I am glad to be a Prasadian. So love you Prasadi!!!

**Suprabha K.C.**  
**XII-Sci. A6**

## MEMORIES

Memories remind us that nothing lasts forever. They are always special. Sometimes we laugh by remembering the days we cried and we cry by remembering the days we laughed. College days are special for everybody. It gifts students with unforgettable memories that lasts for long. Those memories are stuck up in everyone's heart like glue in a paper. College days were not so far. Those laughter, achievements are still everywhere. Everywhere in the classroom, canteen, labs and library.....

Anxiety and excitement goes side by side  
 Life was fun but not a cakewalk  
 Exam results and boring lectures  
 Feeling sleepy inside the class  
 Getting punishment for talking with friends  
 Every time doing new nonsense  
 Identifying specimens in bio lab was so weird  
 Titration and identifying salts were also fine  
 Resonance and vernier experiment goes on every mind  
 Late night coffee and cherishing dreams  
 Eating chocolates and all unhealthy things  
 Now feels so silly but cannot be rectified  
 Those secret crush and those paper bomb fight  
 Even now whenever I feel dull  
 Thought of those still makes me laugh  
 Thought we all move to different places afterwards  
 But still these memories are common for all of us

**Gaurav Devkota  
XII-Sci. A13**

## AS A PRASADIAN

Life is a book containing several chapters when one ends, another begins. And now the chapter of Prasadi is about to close soon. It gave me lots of sweet memories to cherish in my further life. Some memories always bring a smile on your face, no matter how hard and troubling the situations were. Hearing the rumors about Prasadi being a hard nut to crack but once I came to this Academy, befriended with those black gates, Chinese brick structured building, beautiful green gardens was like a home to me which I can never forget and has covered a cornerstone in my heart. I took lots of memories from this academy and the best would be my friends from F9 to A8. My teachers who gave me warmth, courage, our Chief Sir who taught us to be punctual and as well as our all members of Prasadi academy helped us in our need. Prasadi Academy taught me to be punctual, attractive, hardworking and has definitely made me capable to take another step forward towards my career and future endeavors. Farewell which means to say good-bye doesn't necessarily has to be with rolling down tears from your eyes, it can be with a cheerful smiles with some great memories to cherish and bunch of friends standing beside you.

**Krishiyana Bhakta  
XII-Sci. A8**

**AS A PRASADIAN**

The two year journey in Prasadi Academy is always the memorable part of my life. I still remember the 2nd shrawan, 2071. The first day of my life in Prasadi. When I entered into the class, I found myself quite nervous. I found the environment of Prasadi quite different from the school where I had studied. Being part of Prasadi is another unforgettable moment of my life. I feel proud because I got opportunities to find number of friends and teachers as guides. It taught me how to be disciplined and honest. I am really impressed and fully satisfied in Prasadi with the way it guides and provides encouragement and confidence to students to fight in field of competition.

As friends and teachers are important part of student life, Prasadi has provided me the best teachers and friends I would ever get. Those fantastic moments in Prasadi are cherishable and will remain evergreen in my mind. In my journey in Prasadi I found Amrit , Nisha, Sophia, Deepika, Aakyaanxa, Simran, Abishek, Santosh, Rajad, Pradip, Salman, Sanim, Gavendra,Ravi, Maladeep, Rishav, Kshitiz and others as my best friends. We shared many things, cared for each other and had lots of fun together. Ohh! How can I forget the friends of Prasadi? The most memorable day was the picnic of 2016-02-29 and that wild dance with Prasadians. I remember the funny dance of Sailesh , Sanim and some girls too. I had never enjoyed as much as I enjoyed dance in picnic.

Some of the memorable dialogues of our teachers are always in my mind. Every class of SH sir was full of fun and ambiguous. Ironic and humorous speech of RRG Sir. For example, when your mind is full, your heart becomes empty and when your heart is full, your mind is empty.' Inspiring class of Chief sir, dialogue of RL Ma'am; Daka haru galti le mistake vo, chhama prapti chu.' RPY sir's dialogue 'Where attention goes, there energy flows', simplest and jhurest saying of YKG sir, inspirational saying of BBP sir and SKL sir,SKS sir's endless dialogue 'Keep quite ..Don't talk... only listen Hey!Hey! Why laughing? Why?' RKS sir saying "relax type sitting style". Knowledgeable lecture of SK Ma'am , SSA Ma'am, MDM Ma'am ,NLK sir, inspiring lectures of Bhadra sir, funny class of GT sir, extra maths classes. RT sir saying ;Oe grass haru, Listen na. Hey weeds don't grow grassy.... aae boy. I would miss them in every moment of life for their memorable co-operation.

At last I would like to salute the love, teaching style, motivating dialogue, friendly behavior of teachers and non teaching staffs. I wish all of my batch friends for their happy and prosperous life in future and wish those upcoming batches for better achievement in Prasadi Academy.

Thank you Prasadi, for giving me a new identity as Prasadian.Proud to be Prasadian.I love Prasadi.

## CREATIVE ACTIVITY

### PRASADI A MASTERPIECE

It gives me an immense pleasure when I take myself two years back & remember those countless memories spent with those helpful hands. These two years gave me lots of reminiscences which may be enough to keep myself in touch with this family. I found Prasadi a masterpiece, I feared being failure and later I found myself being punctual & disciplined. Accepting the changes in life & learning to live with, I came to be a part of this family.

Talking about my friend circle, silent tears cover my eyes when I think about the company of my friends. Today I have only few days to spend my time with you guys, a strange pain deep inside me. Friends proved to be an important gift for me & I found friends for life, nothing can replace you guys in my heart. As mates who made my college life memorable. The clock might have stopped ticking for us to remain & experience lot more within the academy's premises but the memories won't fade away as I am.

I'm really going to miss the teaching styles of the teachers. Especially, my dearest class teacher RL ma'am who was ever inspiring to us, and the picnic where we rocked the ground with our self influences dance modes. At last hats off to my Prasadi for making each day of mine so special, I won't miss to say "I love Prasadi" Proud to be yours.

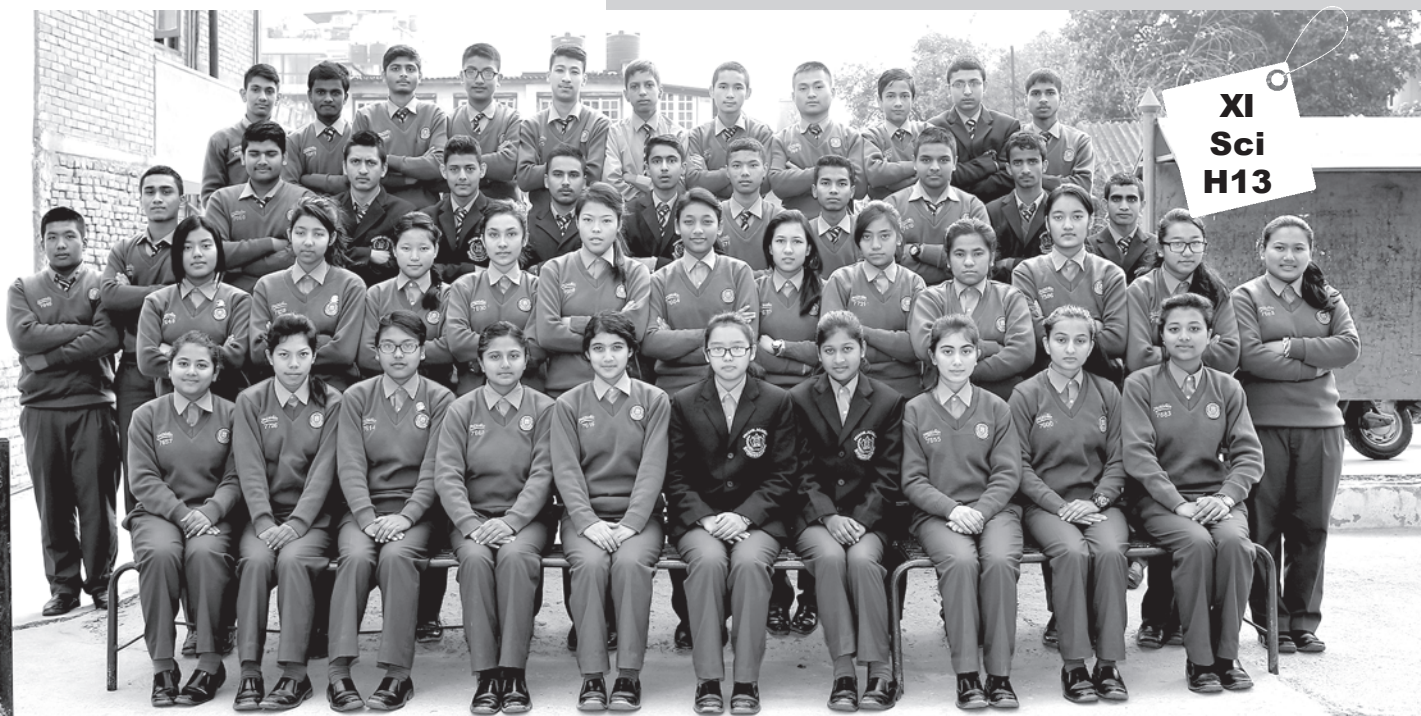

**Suveksha  
Bastola  
XII-Sci. A8**

### LET US THINK VERY DEEPLY, WHAT IF?

- What if Stephen Hawkins had given his dreams thinking that his body is incapable of? Would cosmology develop to its fullest without his theories?
- What if an apple hadn't fallen to Newton's head? Would we ever have the theories of gravitation, motion, linear momentum and projectile?
- What if Barcelona hadn't taken care of Lionel Messi? Would we be able to see the magic of dribbling without him?
- What if the earth's 70% was land and the rest 30% was water? Would all the creatures be able to survive?
- What if dinosaurs still existed in our planet? Will it be our slave or will we be its?
- What if Bill Gates completed his software engineering and hadn't left university? Would we be familiar with any terms called 'Windows'?
- What if your pillow could store your dreams and you could connect it to the computer and watch it all over again?

**Bed Prakash Rauniyar  
XII -Sci. A8**

## TRYING TO FIT THE GLORIOUS MOMENTS IN PAGES

Shrawan 2... Yes! It was Shrawan 2- the day I first entered the college with my grey shirt with lucky no. 7000 inscribed in it. It's been two years, 24 months, 10 weeks, 730 days and tens of thousands of hours and minutes here, but it seems like yesterday. It was one of the most precious and unforgettable day of my life. I entered the gate as an introvert but after all these days, I have become an enthusiastic extrovert. Time has passed and soon prefix "ex" will be added on my golden identity "PRASADIAN".

As the rumors say, Prasadi is actually a very strict college with unavoidable strict rules. Time passes and everyone gets used to it and as you get adjusted to it, you will be enjoying each and every moments as I did. Even those difficult numerical of physics, brain eating chemical reactions and mind boggling cells of biology start to be enjoyable. It's not difficult to adjust here if you remember these 4 things:

- i. Be there on time.
- ii. Do all your homework.
- iii. Trim your hair twice a month.
- iv. And, do not bring anything else than your books.

I have been offered many amazing friends -Subekshya Bastola, Bikalpa, Gomez, Rosy, Nischal and Ankit as a souvenir by Prasadi. Besides them, Krishna (the celebrity), Nikhilesh and Yogi (the question bank), Manir (the sleepy head), Netra, Amar, Gaurav, Dipendra... and many more. My memories of grade 11 are blurring. I hardly remember them now, but grade 12 was a blast. I will never forget the back benchers' noises, the non-stop wild dance in picnic (I will never forget the cramps either), birthday treats and long walks during blockade or festivals to reach the college.

Besides all these, I will never be able to forget my teachers RKS Sir and SSA Ma'am (my favorites), SH, KBP, GT, BBP, RT, RKN, SP, and JPY sir. I will never be able to forget the fun we had in the classroom. Despite, the fun we had, we were always under the rules and regulations of the academy.

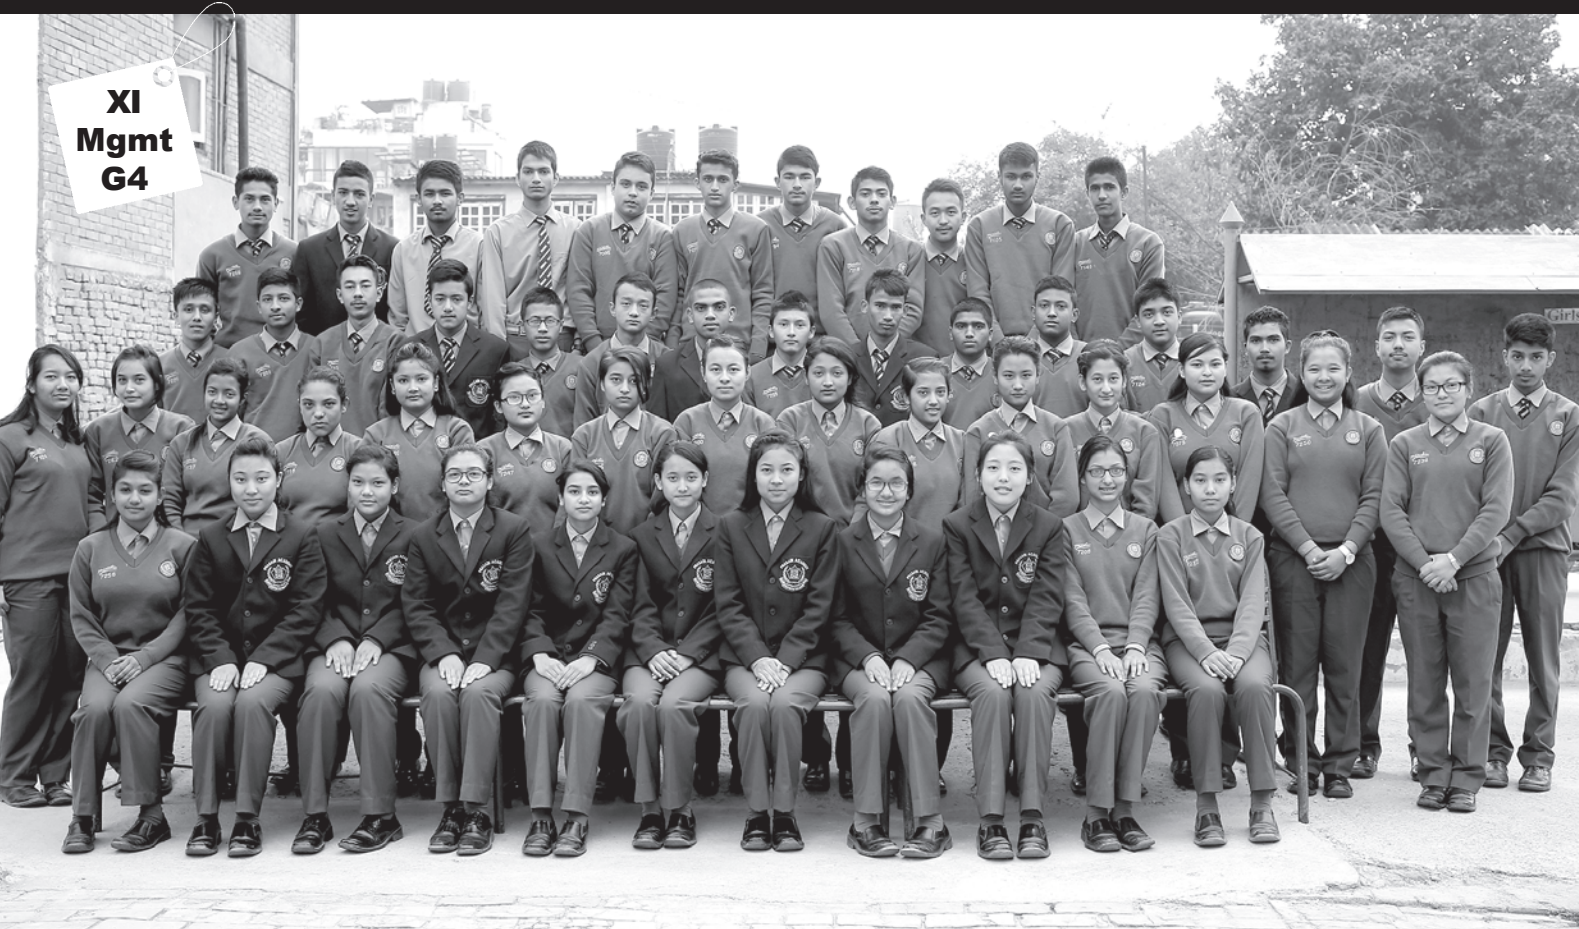

#few more things I will never forget of the Academy

- i. The building of class F9
- ii. Scolding of RKS sir in Nepali language
- iii. Smile of GT sir and MH sir
- iv. Examples of SND sir
- v. Bikes of SP Ma'am and SH sir
- vi. Jackets of KBP sir and RPY sir
- vii. The magic bag of JPY sir.

As far as I remember, it contains 2L water bottles, 8 markers, very old chemistry books and the note copy and the Antennae.

Being a Prasadian, I feel so proud because this academy taught me to be a punctual, disciplined, hard working. Chief Sir's inspiring words helped me a lot to labor hard. I am sure if I hadn't joined the academy, I would have missed many lessons in my life. I feel proud to be called a Prasadian but I am also feeling sad because from today onwards, I would be called an ex-Prasadian. Thank you all the friends of F9 and A12 to make all my days glorious, unforgettable and everlasting. Lastly, since it's time to say goodbye to Prasadi, I would like to thank Prasadi family from inner core of the heart. PROUD TO BE PRASADIAN

**Aaditya Raj Bhattarai**  
**XII-Sci. A12**

## **LIFETIME MEMORIES IN PRASADI**

Two years life period in Prasadi Academy with wonderful memories and moments which can never be forgotten. The 1st day of Prasadi was a surprise to me. The teachers here gave us an A4 size paper with full of rules and regulations. I was shocked by seeing those 60-70 rules. I thought life is going to be very difficult here. But as the days passed we became familiar with those rules and maintained ourselves in the someway.

The noticeable point is that Prasadi changed our life, taught us to be in perfect discipline, have good manners, and taught more about the value of time. The Prasadians bounded by environment, definitely would know how they can live and move ahead their further academic course.

I felt much shy and embarrassed in front of mass but it taught me to speak in front of large number of people to deliver speeches. It built a confidence inside me towards mass speaking. The teachers here are hard working and they encourage and motivate students towards study and homework's. Efforts of teachers who helped me a lot in my study which I can never pay back but I can study hard to make them proud and happy. I am motivated by the inspiring words of these teachers.

Finally, the memories of picnic, singing, dancing, specially dance of BPP sir & SKK sir was amazing to see. Chief Sir's entertaining lectures will always be remembered. No one can separate from Prasadi though we are not further studying here but we will remember each and every moment spend here in our life.

Miss you Prasadi!!!

**Minhaj Ansari  
XII-Mgmt. B10**

## **THREE**

- Control these three:  
Tongue, anger and emotion
- Keep up these three:  
Promise, friendship and affection
- Guard these three:  
Laziness, lies and gossip
- Respect these three:  
Old age, culture and law
- Have these three:  
Hard work, sincerity and discipline
- Worship these three:  
Courage, intelligence and good behavior
- Practice these three:  
Politeness, boldness and compassion

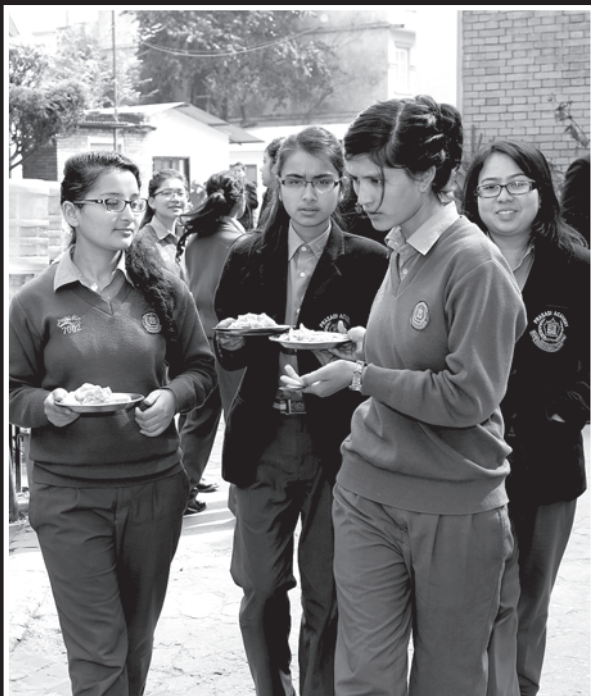

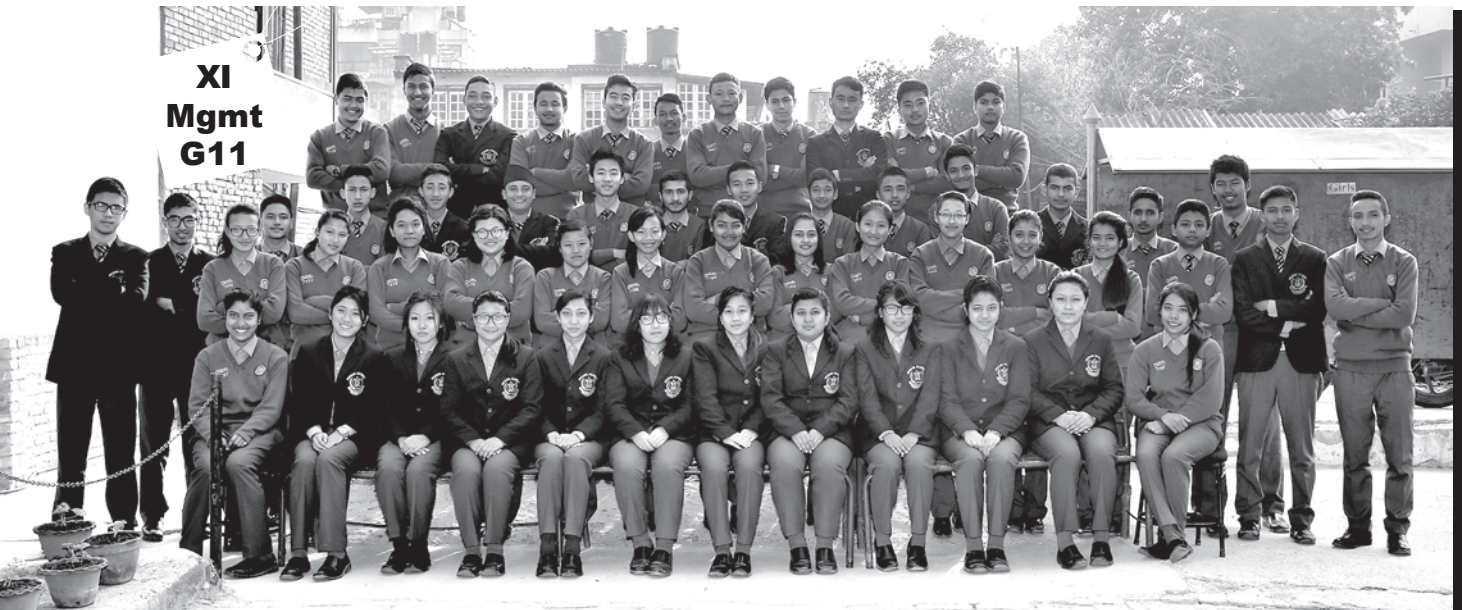

**Niha Shrestha  
XII-Mgmt. B10**

**GRATITUDE TO PRASADI**

Everyone said, "Prasadi! It's the most strict college with no freedom" But I never felt like that anyway. While in Prasadi, I seldom had to be afraid for any reasons. However, I am afraid now knowing my life being a Prasadian has almost past. Prasadi has been just like a family and it's being tough to go through this woeful moment as I am sundering from family because of crockedness of time. Leaving all caring teachers, loving friends and wonderful moments, the time for departure has arrived. I wish ..., frankly, I beg to stop the time here so that I can live my all life being a Prasadian. However, life has to go on with accordance to the rule of nature just like my life moved in accordance to Prasadian rules. Being a Prasadian will ever be my best experience in life. Every single moments of my life spent here doing homework, practical, talking with friends, singing and dancing in picnic: with friends in canteen are just wonderful. It is itself a matter of pride to be a part of Prasadi academy. Who will not feel good to study in the best college of country? As for the best college, Prasadi taught me so much in two years that I hardly had learned for all my life. My tribute to this academy for making me a better man who have understood the actual value of time, discipline and morality in life. For eighteen years Prasadi has been at its best and I wish every year thousands of students from across the country would get a chance to say "Proud to be Prasadian!!!"

**Nabin Devkota  
XII-Sci. A6**

**MEMORIES ON WAY**

Days are alone and flawless  
Flashback was awesome but now it is gloominess  
Making noise and secret gossips were really amazing  
Grade eleven was quiet but twelve was cool.  
The entrance gate was always a terror  
Trying to avoid the sight of teacher  
Cut your hair was most heartbreaking words  
If escaped then the day was really a celebration  
Exam papers were always blank  
It was harder to pass time than to write  
College days with friends are always like prank  
When result was about to come then it was time for hearts to sank  
Never wanted to go never wanted to leave  
These friends, these teachers and this college is all I need  
Jokes, gossips, laughter and lectures were endless  
Prasadi and memories of here are count to be priceless.

**Rahul Pun  
XII-Sci. A6**

## BEING PRASADIAN

It feels like it was just yesterday when I stepped into the premises of Prasadi Academy, but it has already been two years! Really, times flows very fast like a fast flowing river. These two years spent in here has given me lots of memories and experiences. I've found many friends and teachers who were like family and loveable. Those wonderful two years spent with lots of joys and some bitterness will always be remembered. Prasadi has given me lots of new experiences of doing lots of things for better achievements. I'd like to thank Prasadi academy for giving me such wonderful creatures as my friends. The most memorable day spent in here was our picnic day, the wild dance and unexpected fun! That was simply awesome! Such moments spent in here will always be remembered. Our teachers' typical dialogue, chief sir's amazing and inspiring lectures, all those unique experiences were very good and tough ones! It feels really bad as the time of departure is coming near, but this is not the end! Life goes on and the struggle also goes on. It's time to say good-bye to our high school life but then it's not the end. I hope to see my fellow friends and teachers in the upcoming days as well!

**Smriti Pandey**  
**XII-Sci. A5**

## MY TWO YEARS JOURNEY

The first day I entered this institution I honestly pitied myself for having to such a "so-called" strict and discipline school, necessity to have haircuts every now and then and rumors that the teachers were very strict and cautious about giving marks in internal exams made me quite nervous.

Remembering day 1 of grade 11 when I met one of the best friends, Nishan who was good at studies and still able to joke around and Subodh the person that would always brighten my day with his stories and jokes. These two people helped me get through the year like a blink of an eye. And how can I forget SK ma'am's epic rap in the first day that she came to our class.

End of grade 11 became fun of my life till date. Here I met Abishek the all year topper and possibly the next student of year never seems to study but managed to secure first place, Ajay our nepali dictionary always introducing new words, Kritesh RKN sir's favorite student (sarcasm) and my muffler chor Anuj a person with a great laughter, Pranay "paapi" not so talkative one but fun to be around, Ojash the most funniest person I have ever met with the great voice. Shreenika the awkward but still one of the helpful people that literally get angry at any one, Abiral, the most chilled and laid back person could go on and on about all the fun memories of grade 12 and it would never end.

All in all remembering all these memories that Prasadi has imparted to me makes me happy to day out loud "I'm proud to be a prasadian."

**Shashank Thapa**  
**XII-Sci. A5**

## TWO YEARS IN PRASADI

Roaming and struggling to step inside a good institution after SLC would have been in the process, if I hadn't got the entrance form of Prasadi. Days passed like seconds, months like hours and two years in Prasadi passed like a single day and now, it's time to say goodbye. Can't believe that two year in Prasadi passed so fast and obviously, memorable events in Prasadi will be missed.

First day in Prasadi would have been quite boring as a stranger, if I hadn't met my school mates; Prajwal SVK and Anuj KS, who actually were my bench partners for whole session of class 11 sec;'E5'. But without other friends in section too , grade 11 wouldn't have been much fun. Thanks to everyone for each and every sweet memory we had there. I will be missing the funs and the jokes we used to make in english and biology periods, which actually made our section the unique one as well as most wanted section in morning shift. With homework, fun and an unfortunate massive earthquake, class 11 ended and then class 12 began. Since I was in morning shift, I wasn't much intimate with other friends and teachers of day shift, due

to which, at the beginning of grade 12, only some faces were old while others, were new, including section 'A13'. But as days passed, I became more familiar with friends of all sections as well as teachers. Days of class 12 were more entertaining and full of fun than I'd really expected. Most memorable day in Prasadi, would be the day of picnic. That was the first time I'd danced for so long and I was praised for my dance too.... Haha!! Was a great day with my friends and teachers.

Time and tides waits for no one. Memories made during journey of Prasadi will though be missed but will be unforgettable. Thanks to all teachers and also respected Chief sir for the support and inspirations. Prasadi gave me a platform to extend boundaries of knowledge and helped me to understand my responsibilities and many more. Prasadi will always remain in my heart. I am proud to be Prasadian. Thank you and I love you Prasadi...

## HIKE OF TWO YEARS

It was the first day when I entered in Prasadi Academy. The "Form Distribution Day" long line of students along with me. But now it's all over. Now is the time to say goodbye to PRASADI. The two years ended just like in a blink of eyes and now its departure time. For me it was a beautiful and worth full trip of two years study in Prasadi Academy.

My journey here began in section F2, grade XI and with all even code numbers i.e. 6846. That I used to call ' Kaidi number', which I am really going to miss. As it was like uncomfortable to be with all new friends but it just took several hours only to be friendly in that atmosphere. I got Gautam Das and Shrayash Pradhan as bench partners for whole year. Who were really supporting friends. Desh Bhakta, Ashan, Bibek, Bizay (Dipendra), Guddu were really my good friends who created really the best friendly environment around me. They really helped me in making fun and study too.

The teachers, how can I forget them and their dialogues which were not enough to bring smile but were enough cracking laugh in whole class.

RPY : 'Observe it as well as absorb it.' 'Network disturbed, connect connect here - boys and girls'

RKN : 'I will give you maximum punishment'

YKG : 'Ya of course, you are right.....but not'

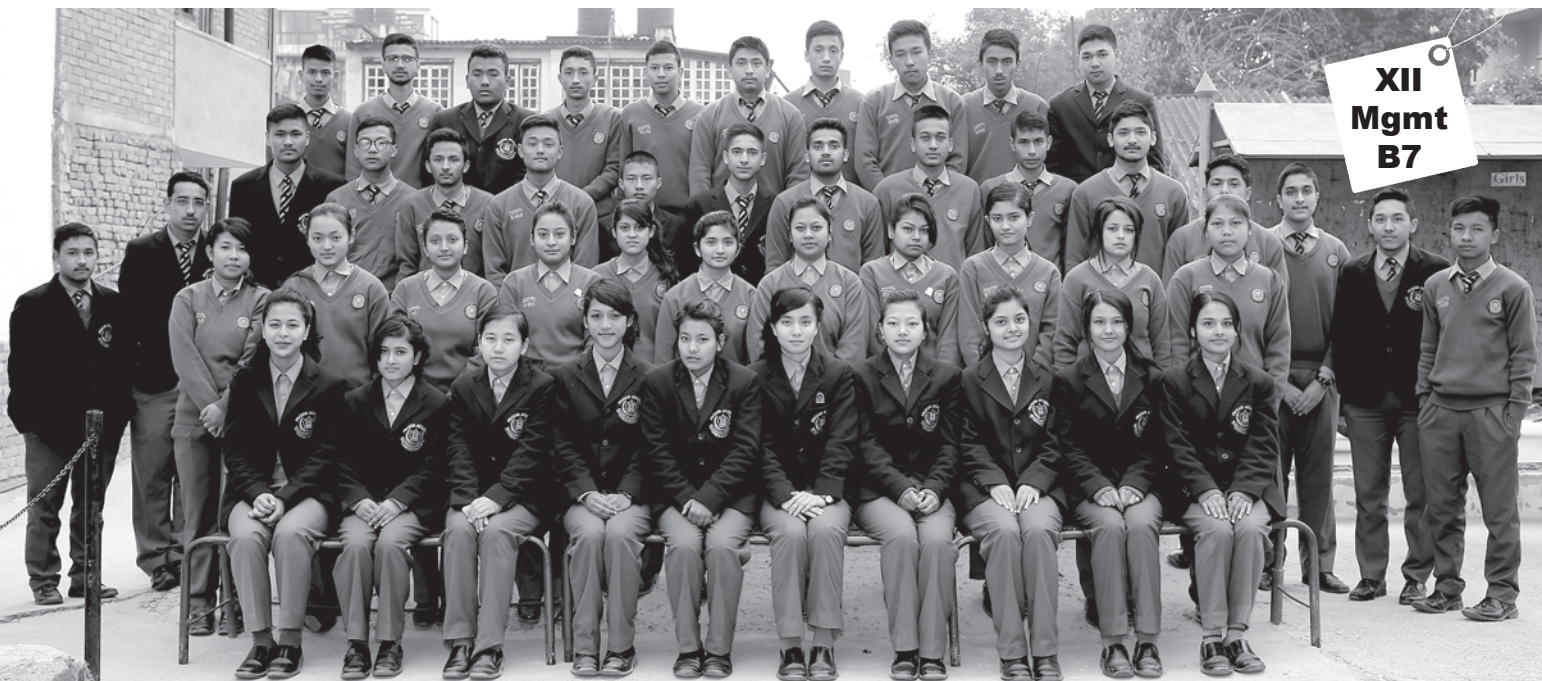

RT : 'Grass haru, don't go more grassy over there.'

BBP : 'The the the the the Ruther Ford'

RKS : 'What happen, Why laugh?'

And here my beautiful journey comes to an end in section 'A9' XII with new friends Sudeep, Amrit, Ajay, Bhisma, MD, Bhim, Azay Sha, Sadiksha, Puja who are much valuable friends in my life whom I am going to remember throughout my life. Lastly as it is the time to say goodbye to Prasadi, I would really like to thank to our Chief sir to run such an institute and whole PRASADI CREW who are responsible to maintain this beautiful Prasadian atmosphere. 'PROUD TO BE PRASADIAN'

**Alok Mishra  
XII-Sci. A9**

## TWO YEARS IN PRASADI ACADEMY

Today was my last day in Prasadi Academy and my college is officially going to be over. And I don't know whether to smile or to be sad.... But I chose to be happy. It was great experience being here. In these two years, I learnt many things. Now when I look back I feel the changes. Time changes and life keeps on going. I had to go through hard times and some really good times. In my last two years I made many new friends met new people and worked, enjoyed and helped everybody I came across. Two years which I have spent here taught me many things and improved myself lot.

I can still recall my first day. It was raining and I was on the way....alone, no one to talk to. Funny part is that I was late on the first day. Panthi sir, he helped me to find my class.... the teacher had already begun his lecture. But I was there outside the class waiting for the teacher's approval to enter the class. I was really nervous and worried and my heart beat picked up the pace. I didn't know why but everyone in the class was gazing at me. I also remember for the first time I had to return home because my hair was long. I remember my first presentation. I was shivering with fear in front of the whole class. I have learnt many good skills during those two years like how to meet the deadline, by completing three chapters long home assignment overnight. All that homework kept us awake

all night. Exams, appearing on retests. These two years were really good for me. It helped me to change a lot and I can sense the change on me. During these years my teachers gave me the inspiration to work harder. Especially my economics teacher BP sir, Uddhav sir, and our Chief sir. Apart from these teachers there were other teachers and friends who encouraged, appreciated and criticized me time to time. But it always helped me towards my learning and helped me to become better at every step.

I would love to mention my friends who were there for me. My good friends Kishan Shrestha, Atul Bhuj, Yubeen Shrestha, Manish Thapa, Rohit Nakarmi, Dig Bijay, Sandeep and others you know who you are. I want you to know that you are special to me. I am lucky to have friends like you and I am going to miss you guys.

College time is a good time and I wish I could once again go back and enjoy those moments. Now in 4 or 5 months I am going to join another college for higher studies. I wish good luck to my friends for your future. Hope is the good thing, maybe the best of things, and no good things ever dies. I hope to stay connected with you all. I hope that you all will have a wonderful life ahead. I hope I will again meet friends like you and share my experience with them.

- Failure: A guy who had won in failing.
- Friend: A guy who has same enemy you have.
- Hair: Only thing that can prevent baldness.
- Smile: A curve that can get lot of things straight.
- School: A place where papa pays and son plays.
- Marriage: It's an agreement in which a man loses his bachelor and women gain her masters.
- Doctor: A person who kills your ills by pills and kills you by bills.
- Committee: Individuals who can do nothing individually and sit to decide that nothing can be done together.
- Boss: Someone who is early when you are late and late when you are early.

**Punam Rajthala  
XII-Mgmt. B6**

## REVISING MY GOLDEN DAYS

It feels like yesterday that I entered in Prasadi Academy, Nepal's top college. My heart was pounding with fear as there were lots of queries and comments from people. I was not sure if I would be able to handle the homework pressure and whether I would be able to adjust myself in the new environment or not. Even my school friends have asked me, "Did your parents force you to join?" But, no... I had chosen myself and now I can proudly say that it was one of the best decisions I have ever made for my life. I had heard about the rules, regulations about this institute and all of these things were running on my mind when I was entering the gate.

There were several new faces who later turned out to be my friends and the one who was more than a friend- best friend actually, Deepa. Her huge voice, Alisha's carelessness, Dipshikha's innocent looking face. The moments that I have shared with them are indescribable. In grade XII we had to depart and I thought we won't be able to enjoy like before but later I found grade XII much more exciting and amazing. I had unlimited fun. Our friend Pradip could ask so many questions that the whole period would pass with fun and laugh. Keshav, Mandip, Shammy, Zenith, Anup are the great friends that I've got who will always be a part of my life.

Though the time caught its pace in such a rapid manner, within a short period of time, I have succeeded

in storing many wonderful moments within my memory. Looking back, I find lots of changes in me. I was really

shy person but now I am much more confident. When I had to give a presentation, I was the first one to go among girls. I was so tensed and nervous but the day before, MDM Ma'am's lecture made me really inspiring and moved which helped me a lot to develop my confidence and later the presentation went well. I was never a fan of being held down by ropes and boundaries but after studying here in Prasadi, I realized it does in fact make you a better person. The way of teaching and the teachers of this institute are great though they might bring up your worst nightmares with tons of never ending homework, exams and scolding but that all goes away with a "well done" appreciation and at the end you will realize that the hard work was all worth it. Perseverance, sacrifice, learning will always bring us one step closer to success.

These two years went so fast but the memories I have made here will never fade away and always remain in the core of my heart. Prasadi gave me knowledge, inspiring teachers, good friends and a lot more and now I am chasing my dreams. So, "You were born to win, but to be a winner, you must plan to win, prepare to win and expect to win." And now I can truly say:

I am proud to be a Prasadian.

## VALUE LEARNT IN PRASADI

Though my heart is full of emotions, my mind always reminds me about my past days & it worries about the following days without Prasadi. As every start has an end, the end of +2 college life, the fun & the experiences are soon going to bid me bye. I couldn't realize the importance of Prasadi in my life ever before but now when I'm in the mouth to lose it, I found it as an idol; of my life. Initially, I was tied with rules & regulations of this college, but later I found myself matured and disciplined. I got huge love and care, sometimes scolded and got punished as well. And when I remember those days definitely I will go emotional followed by a charming smile on my face & eyes all wet. Prasadi gave me the fun of life, sense of responsibility, the events which I will never forget. Sometimes the most ordinary things can become extraordinary, just by doing them with right people. Here, I found the best friends who understand me a bit more than I understand myself.

**Prajita Basnet  
XII-Sci. A9**

## MEMORIES OF BEING A PRASADIAN

Full of dreams and confidence  
I came in Prasadi to get my goal  
The day I came here was the day I reborn  
The hope and enlightenment I could see all  
The first day was the day of nervousness  
The second day was the day with friends  
The third day was the day of joy with teachers  
And the remaining days were the hardworking days  
Two years were the days of togetherness  
And I have reached the final stage now  
I hear my heart pounding very fast

It's time to depart but I feel so bad  
All those memories are coming in flash back  
My tears are falling and I cannot forget  
My memories with 'A8'(XII) and 'F9'(XI)  
Now I can see them even in my dreams  
I feel my heart burning so hot  
As Prasadi has made me diamond from coal  
I'm missing my every moment  
And I'm crying out proud to be a Prasadian

**Rahul Shrestha  
XII-Sci. A8**

## THANK YOU NOTE

"The good moments of today are the sad moments of tomorrow" said a wise man. All the good moments I had in Prasadi are turning out to be memories in my future filling my eyes with tears. I am at the end of the session. All those homeworks, all the jokes we cracked, all the fun we had, teacher's lecture would be memories forever. Thank you Prasadi friends who made dull day shine like a star, for the teachers who taught me and handed me a satisfying memories. Thank you Prasadi for a great time in picnic, for teaching the meaning of hard work, discipline & self acceptance, for engraving a memory into my brain & heart that will last till my last breath.

Lastly, thank you for changing my life completely.

**Abhishek Rajthala**  
**XII-Sci. A12**

## BEING A PRASADIAN

The best things in life are the people we adore, the places we've been and the memories we've made along the way. And indeed, two years of life in Prasadi Academy was like a millennium. Meeting all those amazing and lovely friends, who're kind of crazy and weird as you are. Those never ending gossips in class, that unbearable loud laughter, studies, lectures and all are the most memorable times in Prasadi.

Journey to Prasadi started from Shrawan 2, 2071. Many new faces come to a gaze, new trends, those bag checking, homework checking and all. The first week was quite scary, but everything came to the adjustment. Everything was quite new in grade 11. But, as soon as it came to an end, everything came to a balance as we inherit from 11 to 12.

- Coming late in first period and standing outside the class with Alisha, Jenith, Mamata, Depseka and Greesa.
- Splitting chewing gum in class and getting caught.
- Not even a single day, in whole session, was a complete silence in RKS sir's class. RKS sir's dialogue-"60 lakh girl, 60 lakh in MBBS" think about that..."
- Those games we played in the classes with our groups
- Eating in last benches with Alisha, Jenith, Ma'amta, Gresa & Dpseka.
- Jokes of Hamal Sir...his way of teaching were quite amazing and we never got tired.
- BBP sir's class and those noises, standing on bench for not bringing books
- Talks with YKG sir and his saying, "American cut, Run cut ho tmro kapal ko!

- SSA Ma'am saying, "Pressure high huncha yiniharuko group lai samjhauda"
- JPY sir saying, "Hamro Sharma ji aaunubhayo"
- Talks with SKS sir while entering lab.
- Dance of RL sir in Chitiya Kalaiyan
- Seat change of URT sir
- Smiles of GT sir
- Taunt of SND sir
- Wow !!! I'm forever going to cherish those memories....

I'd heartily like to thank Prasadi Academy for providing the best environment for the quality education and friendly environment. Being a Prasadian was the best moment of my life. I'm thankful to all the teachers and the staffs for their great support. Hats off to Prasadi!!

**WORDS INSIDE ME**

Life is full of memories.....pleasant and unpleasant events. Some of the memories are forgotten easily but there are some memories that go long way in life. They are ever green in mind. We can recall them anytime, anywhere. First day and the last day in college are very important in everyone's life.

My first day in college is still green in my mind. I can never forget it. It was a wonderful day indeed. Everything looked strange as the environment of Prasadi was new and different. It was a great experience being here. Two years of time and I have learnt many things. Now when I look back I feel the change in me. In my two years in Prasadi, I met many people. Not even a single minute here have been wasted.

All now I can recall are the moments that I have spent in Prasadi. All those gossips, jokes, exam, result, tension, homework checking, scolding and punishment etc. will

be missed in future. I have also learnt good skills and how to meet deadlines by completing one week assignment overnight. I met many people who contributed in my life one way or another. I was appreciated, encouraged, criticized time to time but it always helped me to learn and to be a better person. I would love to mention the names of the person who were always there for me but I'll not because I don't want to hurt anyone by skipping their name by mistake. Those who are special to me will know and understand this.

Today I stand here being a better person. All those moments in Prasadi will remain in my heart forever. It was fun and wonderful, I am confused whether to be happy or sad .... But I chose to be happy as I am taking many beautiful memories along with me though I will be missing Prasadi. I wish all my friends all the best for your future. I hope to stay connected with you all.

**JOURNEY IN PRASADI**

After completing SLC, I was very confused about choosing college. Fortunately, I got to know that Prasadi Academy as the best college for higher study. When I first entered here, I was totally nervous as the environment, teachers, friends were completely new to me. But as time passed, I found them friendly and co-operative. My journey in Prasadi started from 'F3'. Even though I felt uncomfortable in the beginning, I found Roshan, Anup etc, as good friends. We shared many things, we cared for each other and we had a lot of fun together. We didn't know how this year passed. Then, in grade XII, we all were scattered in different sections. I was in A12. As time passed I found my class much interesting and full of fun. All those gossips, fun, those bags checking & homework checking were unforgettable.

SH sir's: Tomatoes!! I'll cut your neck, write 500 examples....really he was so awesome and full of entertainment.

RPY sir's: "Observe it as well as absorb it; where attention goes, there energy flows & that thing grows."

URT sir's: smiling face.....

RT sir: Hey you grass!!!

I am never going to hear all these dialogues hereafter. All these things were most memorable & how can I forget the fun which we had in picnic....all those poses & those dances were unforgettable. Being a Prasadian, I feel so proud .I'm feeling sad today because from now and onwards I'll be called ex-Prasadian. Lastly, since it's time to say goodbye to Prasadi, I would like to thank Prasadi Family from inner core of my heart. "Proud to be a Prasadian"

**Abinash Bam  
XII-Sci. A12**

## HOW HAPPINESS TURNS TO DARKNESS

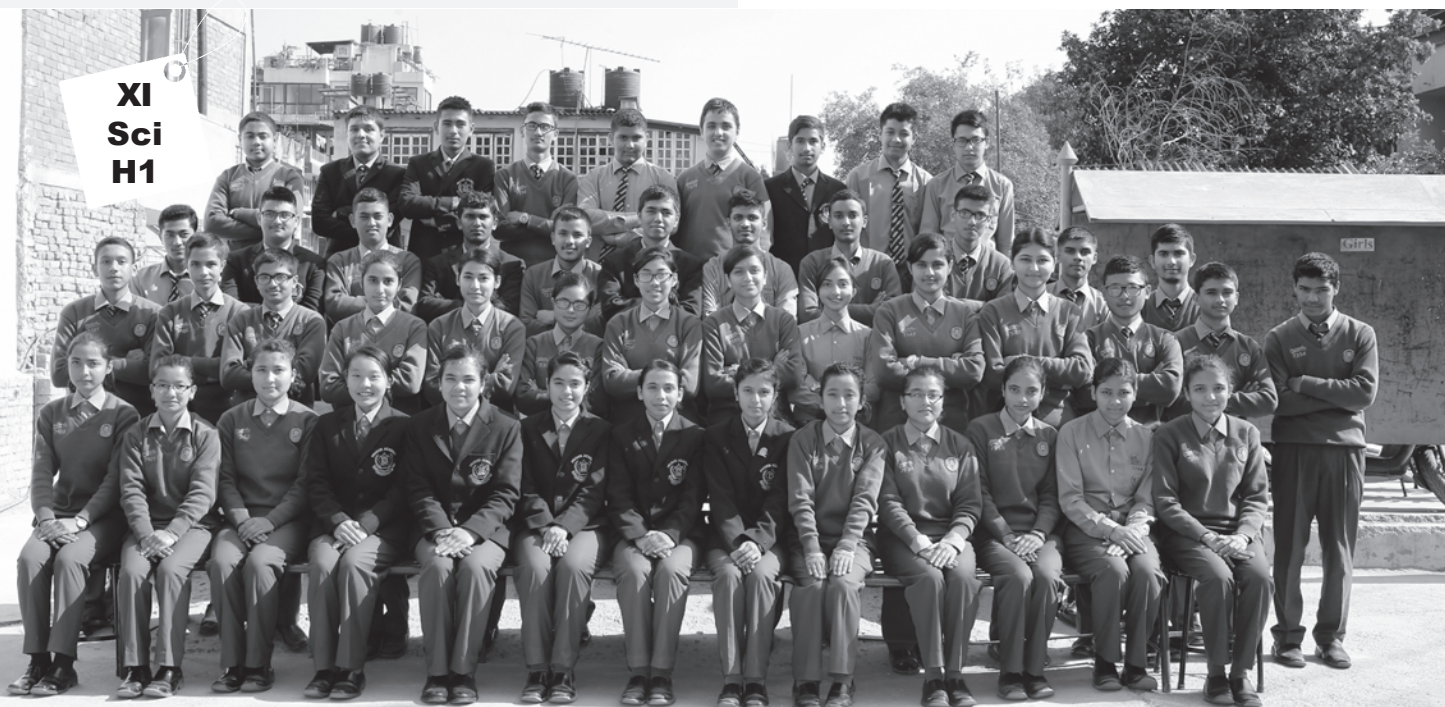

2071 B.S, 12th of Asar I got admission in Prasadi academy and shrawan 1st was my first day in the college. I was happy, excited and frightened at the same time. Happy, because I got opportunity to study in top college 'The Prasadi academy'. Excited because I had the faith that I'll do my best in the college and Frightened because I used to think, "Will I be able to compete with the valley students, how will I speak in front of them and so on."

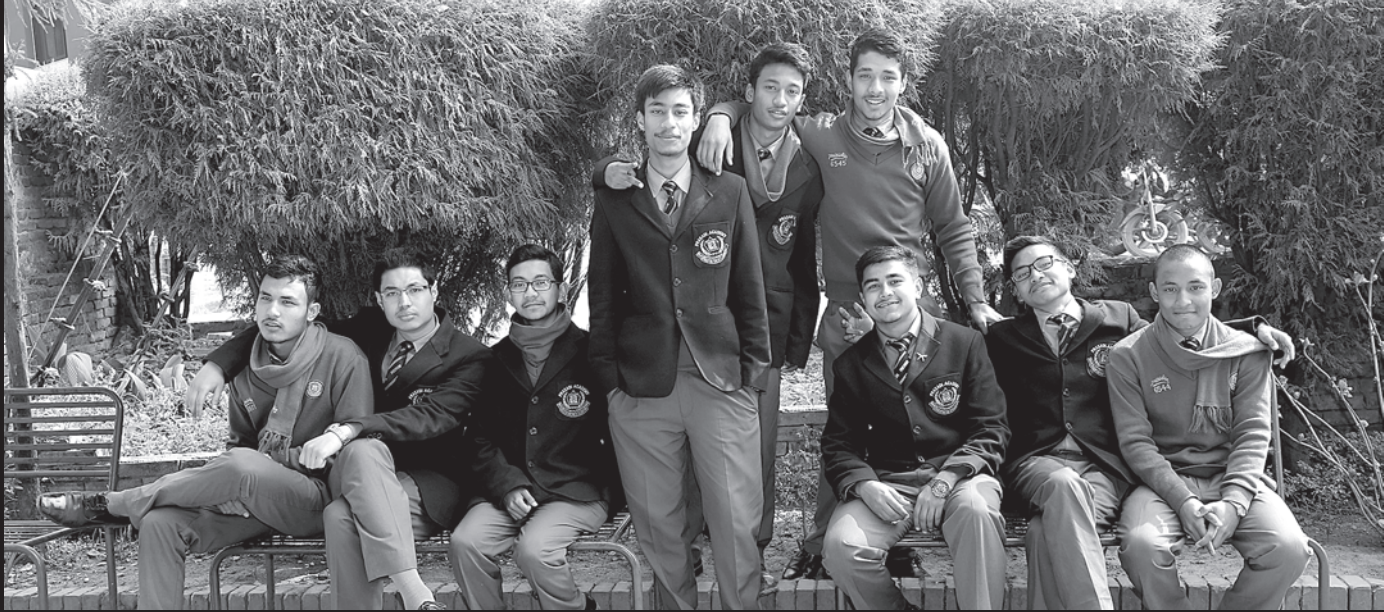

I came over all these emotions and I started to get success in my study. I was awarded as the 'Student of the month' for the month of shrawan, the very beginning of the session. It increased my confidence level. In the first terminal exam I stood third. When my dad knew about me being third, he was very happy with me. My study took more pace and I became second in send up and pre-board exam. It was great achievement for me.

Again, in the first terminal exam of grade 12 I stood second. Now my aim was to secure 1st rank in the college. But it was just opposite despite of my hardworking my result in send up and pre-board was so poor. I became fourth in both of the exam. I was very disappointed with it. I was criticized by many others. But really speaking teachers of Prasadi academy were so inspiring and motivating. Because of them I can find happiness in darkness. It is just an event in my life not a continuous process.

My two years experience in Prasadi academy is one of the greatest achievements of my life. These two years taught me the real process of life and will be the evergreen moments in my history.

**Ajay Kumar Singh  
XII-Mgmt. B9**

## THE SILVER LINING

Over the years, there have been many speculations about what sort of an institution Prasadi academy really is. Education is something every educational institute offers. What really makes an institution stand out are the bonuses it gives alongside knowledge.

For me, the journey in Prasadi started two years ago. A young aspiring girl was very excited about being a part of the top college in Nepal. Days passed on and the adversity that loomed around the place hit me hard, really hard. There were days when I'd just sit by myself, and think about the institution I had joined and then get sad. There were days where frustration would creep in deep into my bosom and the whole world would seem dark. It wasn't until three to four months that I started to see a change in me. Procrastination didn't occur to me in my second thoughts. Lethargy, dissatisfaction, vanity and shallowness were all adverbs of my life that stayed in the past. The silver lining in my life was so bright that all that stayed was good and radiant. Let me point out exactly how Prasadi does that.

Prasadi isn't one of the stereo type colleges we hear about in advertisements or see in the market. It is a silent guardian angel that keeps check of all the charm of education. It is a place where you can find satisfaction and bliss in small places. To every junior, believe me you'll end up loving your stay in the college and will cherish it for the rest of your life. At first Prasadi will come off as a dark cloud but soon it will turn out to be the brightest silver lining you could ever imagine.

**Shreya Paudel**  
**XII-Sci. A6**

**AN INSPIRING WORLD:  
PRASADI**

It's been always privilege for me being Prasadian. It gave me a lesson of life, how to walk independently. Prasadi - where care is culture cared well. Not only that, it has given quality education for many more students. Being Prasadian, I want to thank Prasadi for creating such amazing world. I am thankful to all the teachers and staff members for providing a better platform for a new bud to blossom in a beautiful and peaceful environment.

The day I joined Prasadi was the most important day in my life. The environment inside this institution was quite different. What I experienced inside Prasadi were remembrances of my life. The method of conducting exams was quite impressive for me. when every student came inside Prasadi, first they would feel frustrated, they had much more pressure of submitting assignments, preparing

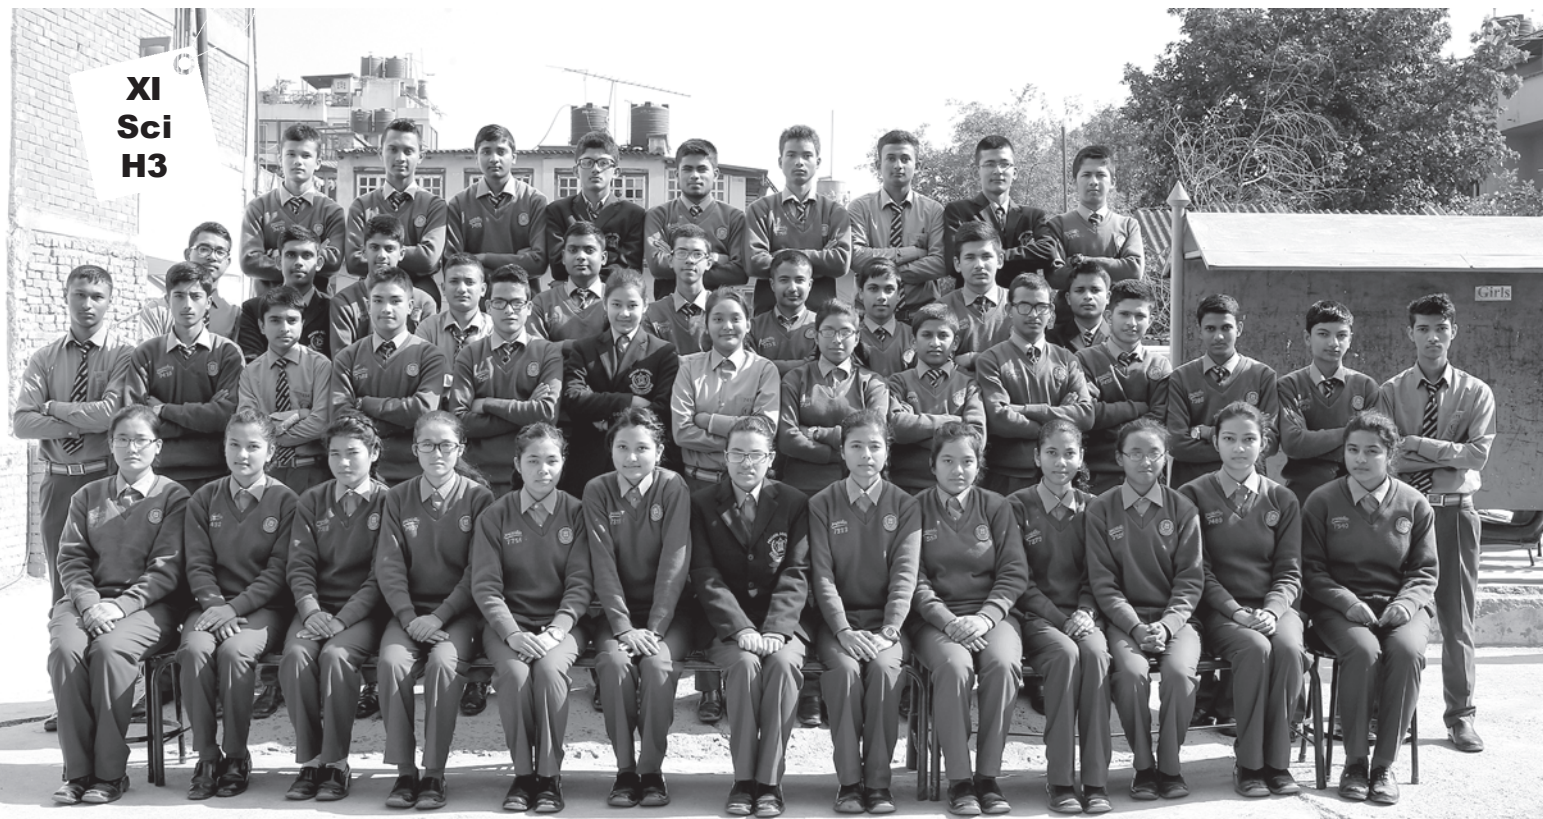

for exams, which are not so easy to adjust but slowly they will be habituated in that environment which will make a civilized human. The interaction between teachers and students is good. I perceived healthy behavior and a lot more from this institution. I remember getting punishment from chief sir for the first time led to develop my good attitude.

I am so much grateful to the Prasadi who cared me a lot. It will be always in the heart of every Prasadian. I am proud of being a part of Prasadi. It has the better way of creating and solving the problems of students. Prasadi has developed patience, punctuality in students, which are the major qualities to develop good human beings. Every speech given by Chief sir was memorable and realistic. The day I entered Prasadi, changed my life.

All the hurdles and challenges that we have to face in our life, were faced little, we tasted little of it inside Prasadi. It has built up our confidence to stay awake and challenge our future. How can we forget our good friends who helped to climb one step forward in our life? We crossed two years of time together that we don't want to be apart. It's been a tragic moment for me leaving this great institution. The time I had spent inside Prasadi was precious. Finally, the time has come to say good bye. What I've learnt from Prasadi were memorable chapter of my life. Thank you, Prasadi.

## THE JOYOUS MOMENTS OF PRASADI

Days have come to leave the boundary of Prasadi and my mind is still roaming inside it. I still remember the very first day in Prasadi with the perfect uniform, but imperfect confidence heading towards classroom. Honestly, the first day was the most boring day in Prasadi. But, as time passed, those boring days transformed to be the most wonderful days which will be embraced in my heart forever.

It is true that, time and tides waits for no one. But those memories painted in strict environment cannot be erased out of heart easily. Actually, it's impossible. I still remember the first friend I met in Prasadi, Esna! As a bench partner she is one of the best inspiring and supporting characters of my filmy life. From F3 to A9; one and only one person who always stood beside me was Esna. How fast the time swept away, and I'm here, standing and watching the forceful movement of time, but with best memories ever. I found many close friends who were awesome, loving, helpful and yes! Characters sketched in art book of my life. They are Persis, Shreya, Diniza, Erica, Florida, Alisha, Puja, Prajita, Ma'amata, Garima, Shristi, Rimsha and many more. Yes, time has transfigured me from a weak and ordinary person to a strong and better one and sadly will transfigure me from a prasadian to an ex-Prasadian. The lectures of each and every teacher in Prasadi will never be forgotten. Hamal sir's class, one of the best classes from 11 to 12 grades will be missed the most. RRG sir's expressions, SK Ma'am's smile, RT sir's grassy dialogues, KBP sir's mood, YKG sir's face and all the other teachers will really be missed a lot. Singing songs, hiding behind

taller ones, caricatures, laughing with friends unnecessarily and obviously all those moments spent with friends inside Prasadi will be the happiest part of my life.

Let me drive to the day spent with all the Prasadians outside this institution- the picnic day!!! Obviously, one of the best days of my life as a Prasadian. All those dances, those fun and each moment spent there can never be blurring in my memory. Maintaining discipline, it is really difficult to create beautiful memories. But for us, it was the only way to build up the tallest building full of memories. One of the dearest person I really respect, who led us towards the journey of life is our Chief sir. His smiles, talks, warnings and all those motivations will be missed a lot.

I feel like writing a book when in started to catch a pen and a paper to receive all those memories as an article. Inconveniently, before ending this article, I'd like to say that Prasadi is the best ever place I've experienced. I'll never be able to forget any of those small, large, happy and harsh moments throughout my life.

Thank you Prasadi for your best ever support

Proud to be a Prasadian.

**Asmita Ghimire**  
**XII-Sci. A9**

## PRASADI DAYS

Grey uniform with shoulder dropping heavy bag behind  
As freshers we entered in Prasadi with curiosities in mind  
Countless homework and 20 minutes recess drove us crazy  
This place certainly eliminated every reason of being lazy  
Steadily we marched with Prasadi rules thereafter  
Every single day passed on with joy and laughter  
The friends we have made and the laughter we have shared  
Are the memories made which will never fade?  
Two years ago we couldn't wait for this session to end  
But now we wish if only we could start it again

**Smirti Shakya**  
**XII-Sci. A7**

## SOME UNFORGETTABLE MOMENTS IN PRASADI

Life is like a book containing various chapters. New one begins when old one ends. And now the chapter of Prasadi is about to close but the memories I had with my friends and teachers during these two years will never fade away and these memories would be fresh till my last breath

The memories are always wonderful .How can one forget the funny dialogues of teachers....

RKN sir: Slightly lengthy.... Should I do directly? I'll punish you, Put the value get the answer ehhhh.....suppose.

BPP sir: 'ni' after every sentence,...le.....t (nearly four secs to pronounce let)

GT : Haina ko ho!...Yeeeh, Halla nagarna bhanya.

RKS: This is what you know? LIVE, Who who talking?

KBP: well...Paste on the wall, Tala lekha students, that's the concept

RPY: Fan side boys...., OK last bench connect now, Hey you, don't make busy others.

YKG: Yo bekuf cha bekuf cha  
SH : ok boys take out water. Ok I'll call here. I'll cut your fingers...memorable kick khalas hai aile....Naming Salman Khan's movies

RRG: Exercise 1,2 frequently asked question, tomorrow submit your homework .Pronouncing love as luff

RT: Yeh ghash haru herna tya pheri, problem is not a problem, you are the problem.

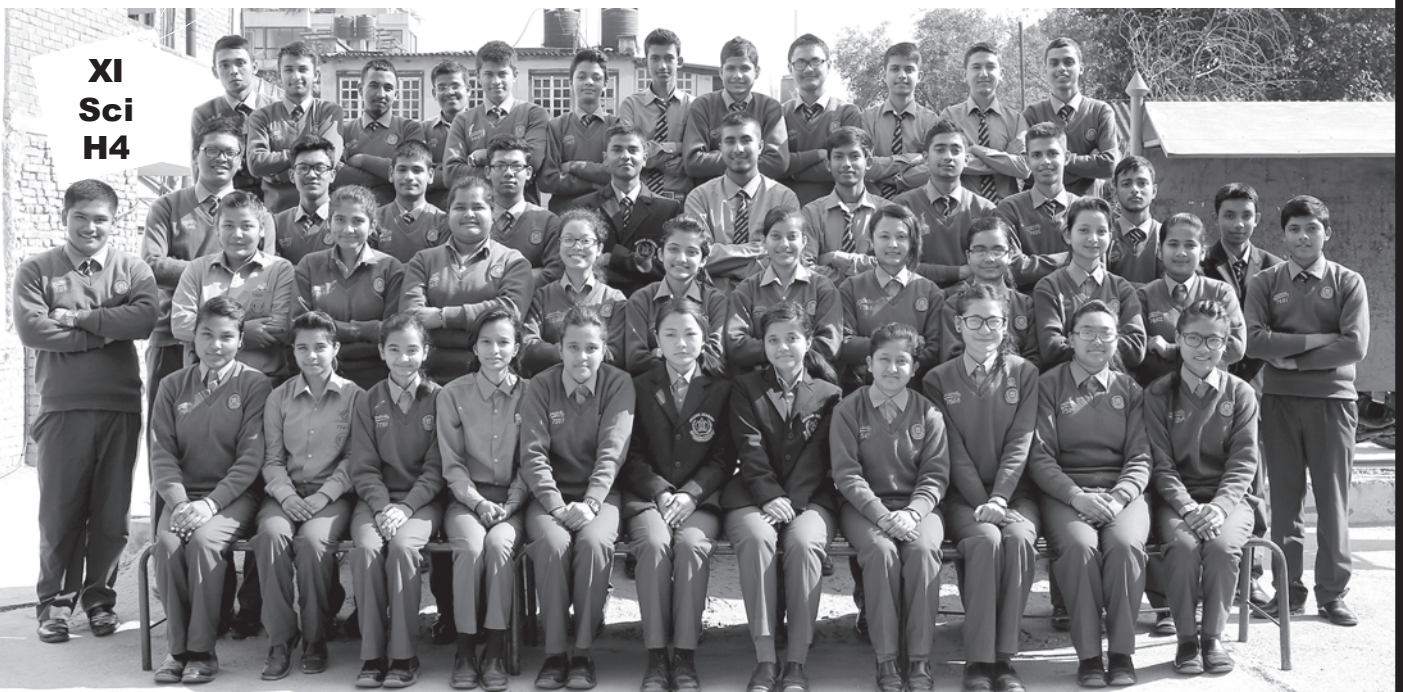

URT: Haiana tah Ho ni...Scolding hardly with a smiling face.

SND : Ko ho? Kina Halla?

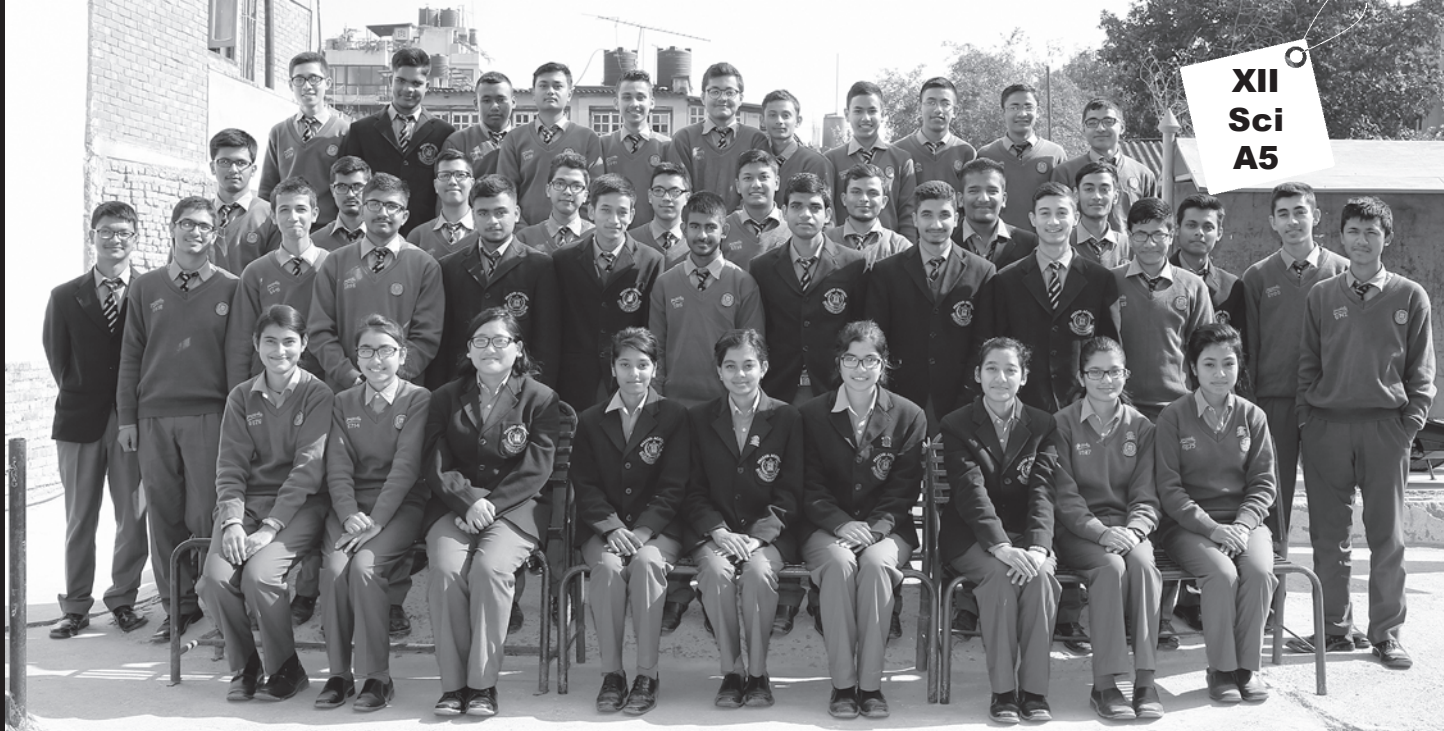

SKS : Hey keep quite. Don't talk (when class is silent)

I'll be missing Prasadi.Proud to be Prasadian

## **SWEET MEMORIES OF PRASADI**

College life is like a stormy night where you struggle hard but time passes with a blink of eye and leave you behind with bunch of memories which you cherish rest of your life. It seems just like yesterday when I first entered Prasadi. But now, I am at the end of my two years study. I still remember my first day of Prasadi which indeed was most memorable.

I was very nervous for first few days but slowly I adjusted in homely environment of Prasadi. The non stop laughing and gossips with my bench mates were memorable moment of grade XII. Cracking jokes and commenting on others were best part of those days. People say that relationships are made in heaven. It sounds true but there's one relationship chosen by us and made in our heart i.e. friendship.

I've heard people don't become close friend until and unless their thought match and I believe in it because I have found a friend with whom my every thought collides. It's Nisha my bench mate of grade XII. We both had great time together. I'm going to miss all those, blaming teachers for scolding us and our nonstop 'bakwas'. Oops! How can I forget to mention name of Ashma" the cutie pie". Thanks to both of you for making grade XII memorable and even for your warm company.

The two years journey of Prasadi was mesmerizing. The love and care of teachers and motivating speech of Chief Sir will always remain in my heart. Hamal sir's entertaining class is one I'm going to miss a lot. People don't realize what they have until they lose it. I'm about to lose Prasadi and I think that's why I am becoming restless. Prasadi has given me heart full of memories and I am very thankful for it. A sheet of paper is not enough to sum up all memories of two years. I've tried to mention as much as possible but still many memories are lagging behind. The day of picnic was the best day in Prasadi.

Best things in life are free!

Lastly,

Friendship is not about whom

You've known longest, it's

About who came and never left.

Love you and miss you all who became a part of my life

**Smiriti Dahal  
XII-Sci. A7**

## **THE SOUL HAS NO RAINBOW WHEN EYES HAVE NO TEARS**

Bound by the same temptations, successes and lessons we journey through life as though we'll live forever. I remember the little trail of ants almost in a rhythmic march making an arduous journey when all it took was a few steps for me I was maybe six or seven then, and took vicious pleasure occasionally in placing a palm what might have seemed a mountain to them, in order to block their path or blow softly and watch in glee as they ran helter-skelter through inevitably grouped back and continued along the path. I didn't see the lesson then I do now growth up I caught dragonflies and tied strings to their tails. I kept frogs and grass snake in my desk. I climbed trees and jumped from them. I raced against the wind and caught the sunlight in my palm. I read mysteries and conquered wars, I imagined myself as a rock star, I daydreamed and laughed.... On occasions when I was hurt and cried, and couldn't bring myself to smile, I remembered these words, "The soul would have no rainbows had the eyes no tears". Today I know that in each moment I live forever that is all I have.... I live in eternity in every second..... Sometimes I forget how much pain can hurt, somewhere I forget laughter is not promised to me forever but I also know that I am touched by faith and love and today the rainbow that touches my soul tells me that there is nowhere to go but forward.....

**Elina Acharya  
XII-Sci. A13**

**PRASADI ACADEMY:  
THE BEST CHAPTER OF  
MY LIFE**

When I walked through the gate of Prasadi for the first time, I thought the worst period of my life started. I don't know how these two years have passed away and time has arrived to say good bye. Prasadi has transformed me to completely different person. It has become the best chapter of my life so far. Prasadi gave me the most unexpected things in life that I will cherish forever. As I began to understand Prasadi, I began to enjoy all the adrenaline filled lectures, all the hard but interesting homework's & practicals, all the laughing we did for absolutely no reason at all. All the great, funny and awesome moments that I had with my friends, teachers and non-teaching staffs in college and to the legendary year of 2072, will always be in mind & memories as the best things that ever happened to me .Prasadi was an absolutely thrilling experience. To be a Prasadian, has been my biggest accomplishment so far in my life. The memories as a Prasadian will always be in my mind. As long as I live, I will always be a Prasadian & always will remember Prasadi as the best chapter of my life. P.S "Memories and Moments are what build you up to become great."

**Krishna Shrestha  
XII-Sci. A12**

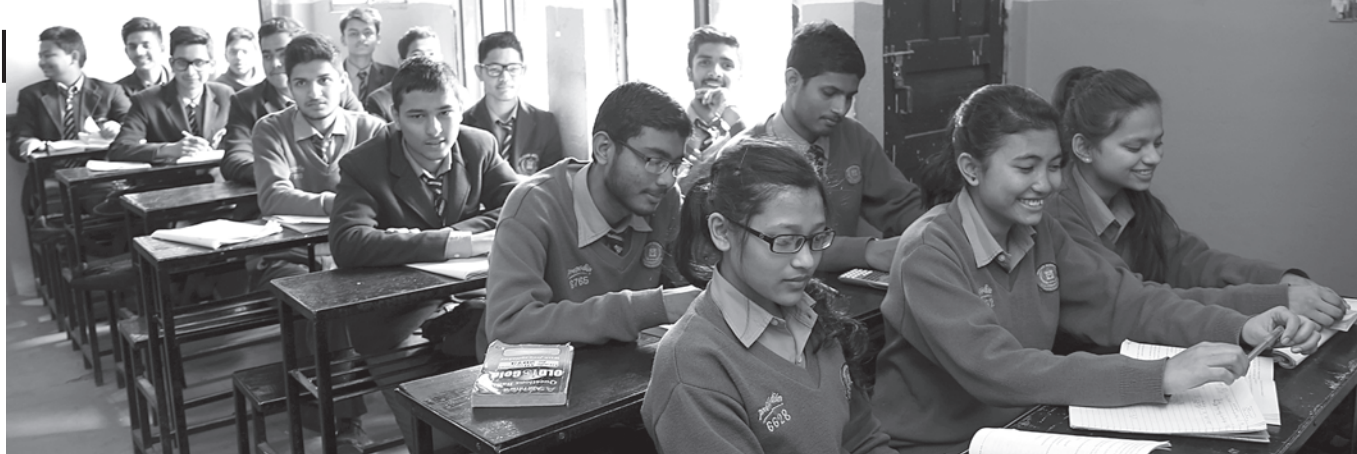

**HELLO, I'M PRASADIAN**

Leaving all my best friends of middle school behind I chose to study in a high school where I knew not a single person. I chose to be "Prasadian". I was lucky enough to have Sailina as my friend on the first day of school and now as my best friend. Having amazing friends like Kritee and Prena made my high school life worth living for. People who said studying in a strict school gives you less memories were probably wrong because I had my best 2 years in Prasadi. Seeing 2 pages rules on the first day, eating during classes, having stressful nights the day before exam and other things which I can't think of right now were the memories which will be cherished forever. And how can we forget having Saturday classes, dancing all day in the picnic, hearing the phrase "this is the worst class' from every teachers, waking up late and having panic attack thinking I wouldn't reach on time, occasional 10:30 home time, thank you, Prasadi for giving me the best moments of my life. Thank you for giving me such a great friends, teachers and everything. These 2 years will always be missed and remembered. Proud to be prasadian!

**Sujana Shakya  
XII-Mgmt. B6**

## A SMALL GIRL WITH BIG DREAMS

With eyes full of tears and lot of excitements, I started my journey from my hometown to Kathmandu. The real journey of life began when I arrived at Kathmandu. Initially, I found it as a dense forest where I got lost as a small fox. For students like us who come from small town, it was quite difficult task to choose the right college as there are numerous colleges in Kathmandu. Finally my continuous effort leads me to be a Prasadian.

Though I became a Prasadian, I was still confused if I was in the right track or not. In the beginning I found it very difficult to adjust myself in such competitive environment but as time passed I

became able to fit myself in that environment. Oh! I still remember that time when I couldn't even finish my lunch properly in 20 minutes and how those rushes taught me to manage time properly. Finally I understood the value of time. Not a single moment in Prasad was leisure. At first, I used to get fed up with all those homework but later I felt that "writing is the best method of studying" along with time management and hard work, Prasad also taught me the lesson of punctuality and I am sure these lessons will guide me towards bright and prosperous future.

As now I am about to leave Prasad, I find that my journey being Prasadian was on the right track because when I first stepped in Prasad I was just a small girl with big dreams but now I am a confident girl who can represent herself in this competitive world.

**XII-Sci. A7**

## FABOLOUS F1 TO AWESOME A8

Steeping down in Prasad  
Home of strict rules and guidance  
Losing hope against enjoyment  
Would be able to come over this madness?  
Full of blast and bestees  
Precious time with f1 section  
Where unity of girls  
Rule over all the actions.  
Though chemistry seems to be history  
Love, lecture and motivation  
Every classes of teacher  
Define the life with suggestion.  
Jokes, chat and mates  
Time is great  
Glad to meet  
With awesome A8.  
Bag checking, hair cut and nail cut  
Seems to be sources of irritation  
Follow it as discipline  
I.e. good for new generation.  
Exam, re tests, unexpected result  
Will blow your mind

Never be late for class  
You'll get to know value of single time.  
Photo session and picnic  
Are the sources of pleasure  
Don't miss it, these are the major  
I am certain to miss all.  
Don't get fill with fear  
It is the place  
You will get love and care.  
Journey from Fav 1 to awesome 8  
Passed fast as light ray  
If I get chance  
I'm likely to replay.

**Khushbu Mandal**  
**XII-Sci. A8**

## AN END TO ANOTHER CHAPTER

By being a Prasadian was how I'd started a new chapter in life. These chapters were very different from the earlier ones. I wouldn't say that I didn't mess up in this chapter but I'm glad that I never stopped trying when I was put down in front of the hurdles. The first year went on like confusing dream. Making new friends, opening up from my comfort zone, not knowing what's going on, trying to catch up and finally looking at the book and surprisingly finding the topics really interesting are all I can remember of F '3'. As for A '9', I remember how I had a battle with organic 'chemistry'. Making new friends, trying not to loosen the grip with the topics and doing practicals were how I went through the 12th grade.

You know when you find a point in life when you've enough of the non-sense and want a change in another words, 'A Turning Point', I see that on the day when our English teacher told us these words, "Bring your ghost ship to life". Those words hit me really hard. The following night I literally wrote it on a sheet and pasted it on the wall in front of my study table. I am now working on it. Looking at these words, I really want to bring the ghost ship to life, prove myself and try to go beyond my limits.

This small chapter has a lot of good memories where I got to be friends with genuinely nice people enjoy my good times with them and share my problems when necessary. These two years running after time, I didn't realize how I'd been running and running. Running to reach school on time, running to get my practicals signed, running to get home on time. But time passes and ends and it's about time when we'll no longer need to run for school to get our index paper signed or to reach home from school. Trust me; they will be missed quiet so very dearly. But now it's time to end the chapter and so I will, by giving it my best.

As I look at the sheet of paper with the quote on the wall, I can't help but smile with the nostalgic feelings of two years gone, in the blink of an eye. Summing up these memories, I can say that I've finally found my ghost ship and am determined to bring it to life, the question is, Have you?

**Jati Shrestha**  
**XII-Sci. A 9**

## EMBARKED AS THE BEST JOURNEY

"I cannot buy it - it's not sold  
There is no other in the world  
If I could find it anywhere  
My journey of two years in Prasadi."

The time that my journey takes is long and the way of it is reminiscence. With these words I would like to begin the description of my incredible journey to Prasadi. Yes, it began few days ago and now when it's completed it's been almost two years. Till now I feel that it was just yesterday when I was a small girl taking lots of hopes, aspirations, feelings, expectations and entered the door of Prasadi academy one of the top +2 college in Nepal. I firmly believe that life is not an accident but every life has a purpose. I can vividly remember my first steps in the compound of Prasadi. As the proverb goes, "The journey of thousand miles must begin with a single step." The same quote applies in my journey too. I entered Prasadi in grade 11 with single step and fulfilled the journey of thousand miles within this short period of time.

I went to my section F'3' where there were my classmates all new faces but timely I made best memories of life with them. Everything was so new and unusual but then soon I was familiar with the environment of Prasadi. The teachers were friendly and diligent with their work ethic. Of course science is a difficult faculty. I felt hard at many times. Soon our terminal exam was held and result was published. I was very worried but I was able to score good marks. In the same way me, my friends were always busy with studies, exam results. Oh, how can I forget the classes of SH Sir, RT Sir, BPP sir, SKS sir, MH Sir & SK Ma'am? It was just amazing.

Realizing the fact that everything should be done at a particular time and the time for studies and future, the whole of the class 11 I spent with friends, teachers, studies, college with different rules and regulations. I met and also made my friends for lifetime. It can never forget the time with them. Every second are memorizing.

After a year, here I am in grade XII ; the golden gate to my future. I felt really glad to be in section A '9' where there were my most precious friends and this time all known faces except few. I really felt and still feeling proud of being a Prasadian. While walking in the streets wearing a Prasadian uniform and carrying its bag it's the matter of great pleasure to me. Really this was always awesome moment for me. Grade XII gave us the great platform for our enjoyment.

Two years of journey in Prasadi academy has taught me a lot about different aspects of life and I am very thankful for gaining all of these experiences. "Human life is very complicate; one must know how to utilize his/her life within right moments."

High school life is the incredible part of our youth and light of our future. It leads us towards our dreams. Remember dreams don't work unless you do a hard work. So, being a Prasadian I encourage every student to step forward with an ambition and desire to prove you. From the teaching of Prasadi I believe that my career to next level will also be the success. I respect Prasadi academy from the deepest portion of my heart, your memories shall always embrace my heart and soul. Thus, now I clearly state that, "the journey of two years in Prasadi academy is embarked as the best journey of my life."

Prasadi, my college these 17 years of excellence you are always dedicated for the welfare of the students being one of the greatest wealth of the entire nation.

**Esna thapa**  
**XII-Sci. A9**

## A LETTER TO PRASADI

Dear Prasadi,

Like those powerful waves of water in a chilly winter, a memory splash my mind. My heart gathers all the memories of my past into an apparent image in front of me and gallops every time. Everyone tells me a sweaty girl as I sweat not only from scorching heat but also from the reality I am slipping or loosing. I am too much agonized with the pains of your departure, Prasadi.

You were too much friendly with me. I wasn't perfect yet you accepted me. I was the darkest cloud and yet you felt the golden sparks in me. What an enormous debt you've put on me and barely know how to thank you for all that. You were the one who directed me as I drifted along the solitudes of seemingly endless ocean. How dearly were those days when I felt as if ice flowed in my veins, tears dribbled from the core of my heart? Nevertheless you walked to me, patted my shoulders and gave me inspiration reminding me whatever happens always ends in good. You gifted me with such a wonderful people here. Be it exams or results, regular classes, sulking or grumbling for those never ending home assignments or bag checking. How could I forget our regular travel to home in sajha bus? Teachers they were assets of our lives. Just to hear them scold us and at the same time feel their love and concern was really special. Every little efforts of you all have contributed a lot to make me one who I am today and I am really grateful to you all for all that. Chief sir's each and every selfless word has worked as a brick in building the house of my self-esteem and to promote the rendition of good ambiance in my heart, so "Prasadi", given the great moment I have ever had, I can only hope for more of the same in coming days too.

**Pooja Gurung**  
**XII-Sci. A9**

## PROUD TO BE PRASADIAN

My last days in Prasadi is approaching and I can only imagine how I will be feeling when I step out of Prasadi premises for the very last time Throughout these past two years, I had plenty of good times as well as bad. The only thing I can say is that I learned the most important lessons not only from book but learned about life and the road ahead of me.

I still remember my first day in Prasadi. I was just dying to experience all new and exciting things that awaited me. Now that I have done all those things and more I am about to embark on new adventures that will take me to many more new experiences. During my journey here, I got a chance to meet up many beautiful souls. I even came across lots of ups and downs but my experience was great. Of course, there may be downfall to things but on certain days at certain time these downfalls just comes into play.

I highly appreciated the supports, advices from my friends, teachers and the members of academy. I have enjoyed over these two years. I want to thank Prasadi Academy from the bottom of my heart and I sincerely hope to visit Prasadi again in future.

To all my juniors, please strive everyday to make good choices and to make the world better for all. We are the youth of today and the future of tomorrow. Let's make the choices that we will be proud of in future.

**Persis Mela Sapkota**  
**XII-Sci. A9**

## BEING A TEENAGER

Life is a roller coaster ride. Life is a mixture of roses and thorns. Life is unpredictable. It's fun but at times we often find ourselves as confused, homeless souls. Life is not an easy journey. It is full of ups and downs. And when you are an adolescent its super tough, I think it's not just you who feels the same.

Every morning when the sun shines, you wake up being thankful for all the precious gifts you own. And one glance in the mirror you cry, saying "My Hair's impossible" so for you making your hair perfect is one of the major tasks.

Having to follow the same boring schedule drives you insane but you've got no choice. It's quite frustrating ...who loves boring lectures when it's raining outside and all you want to do is take a nap. At one moment you feel like you are the queen of the world. On one can kick you out of the throne. You held your head high and chin up and act as if you rule the world. You feel superior and feel nothing can break you down. Life gives you thousand reasons to cry but instead you show life million reasons to smile. But again the way roses have thorns, you feel useless you are shattered, you feel every piece within you is breaking, you act like a crazy stubborn woman ,you feel you are stuck in the crowd,you are just another face in crowd.

But that's not the way it should be. It's your life, your choice only you have the right to make your break as every night has its dawn. It's just a phase. But make sure you don't trouble until trouble troubles you.

**Shailee Chitrakar**  
XII-Mgmt. B10

## LOOKING BACK

Oh! It's been a long time since I first entered Prasad  
Prasadi, you'll always be in my memories  
How can I forget my bag heavy with books & copies?  
But still I rejuvenated power through my lovely friends &  
inspiring teachers

19 minutes break has taught me how much time matters  
Physics, chemistry & biology have become my inseparable  
past

It's Prasad from where my journey embarks.

Hamal sir's organic classes were most awaited  
RPY sir's favourite dialogue "NETWORK DICONNECTED"  
YKG sir's "This is the jhurest question"  
MDM Ma'am's inspiring lifelong lessons  
GT sir's million dollar smile  
SK Ma'am's effort to make us struggle  
SSA Ma'am's perfect notes, SND sir's unexpected quotes  
Chief Sir's surprise visits,

Ah! Our happiness would cross all the limits

Any amount of thankfulness to Prasad would be less  
It has filled my life with spirit & goodness  
Knowledge & efficiency is what I have secured  
For what Prasad has given me,  
It will always be treasured in my heart.

**Alisha Waiba (Tamang)**  
XII-Sci. A9

## BEFORE YOU...

I'm very proud being Prasadian. All we know that Prasadi Academy is the number one college of Nepal in the +2 level. In Prasadi, there is one of the best environments of education which shows the path of success in the future. It gives the first priority to the discipline and then to education. There are strict rules and regulations for both students as well as teachers. Everyone must be regular and punctual. The member of Prasadi says, "I always feel happy." Do you know why? Because, I don't expect anything from anyone. Expectations always hurt. Life is short, so love your life, be happy & keep smiling. Just live for yourself. At last I want to leave a message to all of you that before you speak, listen. Before you write, think. Before you spend, earn. Before you pray, forgive. Before you hurt, feel. Before you hate, love. Before you quit, try. Before you die, Live.

**Raj Mohan Singh**  
**XII-Mgmt. B6**

## PRASADI SOUVENIR 2073

### DAYS IN PRASADI

It is said "well begun is half done" student life after S.L.C is the most confusing about where and what to study. Choosing the best institution is truly a critical thing to do as one's future is going to rely on it. Our mind is always at sixes & sevens be-tumbling with high voltage questions that the institution which we are going to choose stores the potential to secure our future or not.

And finally my search for the perfect institution to quench the thirst of knowledge ended when I came in Prasadi academy. Joining Prasadi was the best decision that I ever made in my life. When I am asked to which college do I belong to, I proudly held my head high and I can say that I belong to Prasadi academy.

The wonderful journey of two years here was unforgettable. The dynamic, energetic, dedicated and versatile teachers and member staffs of academy who used to provide motivation, courage and discipline to get success. Prasadi academy helped me to meet some of the awesome friends. Those funny days, spent with Sandesh, Shishir, Rajan, Kishor in E '5' in grade 11. Also, the friends of A '8' in grade 12 is also memorable. How can I forget Salman, Dhiraj, Rishav, Abhinash, Pradip, Niraj of A'8'? The unforgettable moment in Prasadi academy was picnic in Tribhuvan park. We dance a lot in picnic.

I want to thank Prasadi academy and all staff members for smooth interesting journey. I am grateful to all of my friends loving me as "godu". I will always feel proud that I choose this college and always say "proud to be Prasadian", I am solely convinced with the axiom. "Prasadi where care is culture" and I take solemn pride calling myself Prasadian.

**Sanim Bantawa**  
**XII-Sci. A8**

## SOMEDAY

So you are 17 you have a completely disoriented life and you are ready to go to school. Every morning you get ready hoping to reach on time, meet your friends, sit in a class & try to learn something new. You do that for two years, no matter how strict people label an academy. We all know how fun it actually is. We all have been late for school, gone to time office for ill rest, wished for longer lunch break, frequent bag checking & loved singing & eating in class.

But there was a reason we all go to school right? We all have hopes & dreams to reach them we go through a lot like hell leading to misbelieve, disappointments & tons of problems but we never lose hope. You do all those homework's till late night, kill your precious sleep, attend exam all for a reason. And that reason is to do something in your life, to be someone important & someone who can be an ideal someday.

And as the junction point of the train that takes you to your destination X the previous train you got

off to board that train to your objective is Prasadi. You have chosen this place as a head start for the journey. And this choice will prove to be the best decisions that you'll ever forget. This is a place "where care is culture." Everybody is supportive, encouraging & optimistic like a family, people here inspire you to be a better person, to do better every day & in dark times there a dear, dear canteen to forget about all your worries. It's the right place for the proper execution of your plan for someday.

So all the best for your plan. I am boarding the next train as I am now fully prepared to thanks to Prasadi. I hope I become the person I have pictured myself as on that day. I hope I'll have a chance to thanks all those who have supported & inspired me all the way through. May all of us have a great life ahead. We are just 17 now, but as the saying goes.....

"It's the oldest story in the world. One day you're 17 & planning for someday. And then quietly & without you ever really noticing, someday is today, and that someday is yesterday. And this is your life" - Nathan Scott

**Shammani Ranjit**  
**XII-Mgmt. B8**

## MEMORIES TO BE CHERISHED

The time span was only two years. The memories are uncountable.

It's been one heck of fun in these two years of my life in Prasadi Academy. It's really hard to believe that +2 college life has come to an end. I could still feel the excitement and nervousness while first entering Prasadi. The environment was totally new that it took me couple of days to adjust but soon it changed my life.

The two years that I had spent in Prasadi would be the most significant years of my life and I'll always remember the beautiful moments. Each day the time spent with teachers, friends, juniors, seniors were really exciting, memorable and unforgettable. Prasadi helped me to overcome challenges to struggle hard for making dreams come true and has helped me to become a person full of confidence. It helped me to realize my potential hidden talents and to be independent. Here I learnt value, hard work, sincerity and honesty. Though I am leaving now, I'll never forget the precious moments. Prasadi is a place where care is culture so today I can lift my head high and say "I am Prasadian" and I am proud of it.

**Priyasha Neupane**  
**XII-Mgmt. B9**

## BEING A PART OF PRASADI

Yeah I still remember that day. I was very excited that I got admitted in Prasadi and that big gasp on my face on seeing the huge bag. As soon as I saw the bag I was like no I am not going to carry it at any cost but I did what I needed to. So, on the very first day of the college, I went with the same big bag, few books and lot of enthusiasm to make new friends, meet new teachers and of course a fake belief of having introduction class the whole day. I entered section F1 and without much talk I sat with the very beautiful Deepika and extremely delightful Erika. Time passed and I became closer with other friends nearby. I found Diniza, Nita, Cindrella, Nisha, Suvana, my desk mates very lively and friendly. Days passed but class never, our talks finished but homework never finished but indeed I was happy with every new experience that I have experienced. Then within no time grade 11 ended.

Then after board exam vacation repeated the same routine. Waking up early, doing homework's late nights, expecting holidays, etc on the first day of grade 12, I entered Section A7 and saw my former classmates Sanskriti, Sirish, Adikya, Amit. I was happy at least I know people in class but watching my very closest friends Jennie and Bipana on the same section made my dil garden garden (As our YKG sir says). I became closer with Pallavi (my desk mate), Smriti and Anju. I realized grade 12 will take no longer to pass. And this is what happened and we are now at the end of session.

Within these two years I learned a lot of Prasadi and found this college to be perfect platform to change our self from careless lazy students to pretty smart student. Despite this I got a bunch of good friends for lifetime and of course great teachers. I definitely will miss RKS Sir's funny dialogues and useful advice, GT Sir's smile, SSA Ma'am, SK Ma'am, RT Sir, A7, F1 and every aspect of this institution. We've always enjoyed freedom within rules, felt a great satisfaction despite overloads of homework, realized the value of time and no doubt has taught us to work hard. As far as I've passed my days in Prasadi, I can proudly state to be part of it.

**Anusha Khatri**  
**XII-Sci. A7**

## PARTING: A SWEET SORROW

It seems that my two years at Prasadi passed away in blink of eyes, those unforgettable and fun filled moments in grade XI 'F4' & XII 'A6' has made saying goodbye so hard.

The environment in 11 was quite new, unexpected bag checkings, strict rules and regulations, book checking was troublesome. The uplifting advices and suggestions of teachers boosted our abilities. The days passed and the XII 'A6' stood holding its head high with pride. When I first met them, I had never realized how much they would end up meaning to me. No matter what happens some memories can never be replaced, I'll always have that piece of my heart that smiles whenever I think about you all. Reshma my sole bench mate for two complete years, Salina, Dipendra, Soojan, Nabin, Apana, Asmita, Rahul, Arika all these have been very cheerful, loudest, funniest, jokey. You get a

strange feeling when you're about to leave a place, like you'll not only miss the people you love but miss the person you are how at the time and place because you'll never be this way ever again. As for the year 2072 we truly had great fun being in XII 'A6'.

But nevertheless, I'm not going to forget the love and affection of the teachers who were always there to guide us. Hopeful saying of SSA Ma'am - Padha hai timharu, YKG Sir's compliments and his funny dialogues 'simplest and jhurest' and also 'How vaary(very) eassy(easy)'. RPY Sir's - Smartly said boys, connected well RKS Sir's - this is live, live 'So look'. SH Sir's - Bangara Jhardinchu, kei audaina yr! Ghass haru. Extra math was fun, all because of RT Sir's joke and dialogue 'you grass', Are you following me. KBP Sir's his endless fruitful teachings. Salute to SKL sir's motivating dialogue. SND sir's positive lectures and the interesting classes of DRK Sir, SK Ma'am and BA Ma'am will always be memorable.

Lastly, picnic at Tribhuvan park, reckless jumping and wild fun is worth remembering. It is a soul with hope for better tomorrow, smile-it happened.

**Sirjana Rauniyar**  
**XII-Sci. A6**

## PROUD TO BE PRASADIAN

It is the best institution  
For preparation  
As it makes us Similar  
As radius of gyration.  
It makes us capable to resist  
Any oxidation and reduction  
As a result we never have to  
Face any Problems of suffocation.  
Among students there  
Is no any comparison  
So each & every one can  
Get Better education.  
They design us and show  
Us our perfect destination  
As only perfect machine  
Is designed by great technician.  
Its goal for  
Care and prevention  
Ultimately leads  
Toward new Invention.  
They try their best  
To make us Napoleon  
So we are proud  
To be prasadian.

**Bed Prakash Rauniyar**  
**XII-Sci. A8**

## JOURNEY AT PRASADI

The first day when I stepped here  
I was crying alone, no friend was there.  
I was too shy and scared to make a friend  
But later they proved to be my strength.  
Slowly, I made myself comfortable  
When I thought this school is acceptable.  
All gave me loving and friendly environment  
And I thought this school was a great judgment.

Days were passing like fast flowing river  
We, friends were enjoying a lot without any fear.  
Scolding from teachers and non-teaching staffs were common  
Though they were all for our own.  
Today the tears are rolling down the cheeks  
I'm sorry to depart with Jiggs.  
I'll miss all the charming days in the course  
And sure it'll be hard to say 'Bye -Prasadian'.

**Keshav Kumar Sah**  
**XII-Sci. A8**

## WE ARE A6

Welcome to our class which is a family of fifty-one  
 It's the place where almost all the home works are done  
 Here's a first impression of everyone I will subtly lay  
 Simran and Ridima are friends who will always stay  
 Rhea and shreya have been partners in crimes  
 If Sandesh losses an argument I'll give you a thousand dimes  
 Yubraj, Nabin, Ravi, RD make the studious group  
 Sujan and Prabesh always seem like they're into some soup  
 The Chitrakar brothers are mysterious ones  
 Suprabha and Kritika demonstrate salient features of nuns  
 Deepali, Apana, Manisha make up the gentle gang  
 Here come Arika, Asmita and Anju with bang  
 Sony-Reshma for each other they'll always be  
 Srijan and Salina the ones who are quite as a sea  
 We're Binu and Shristy morning starts late for us  
 Here come Nischal and Abiral who are always in rush  
 Look how deep Deep-endra, Ankush and Rakesh are into their books  
 The questions Bishnu and Rahul ask will keep you by the hooks  
 Julesh, Hirendra and Lava are such gentlemen  
 Gayatri and Prashanti have been friends since they were ten  
 There's our dear Shreya Maharjan who allegedly stole my name  
 For his oratory skills, Sudhir is the one shot to fame  
 Suvarna, Gautam and Saroj barely get into trouble  
 We're Anupam, Shanker -We mean trouble to double  
 Bishal, Kishore and Ishwor are always locked up in their own den  
 We barely see Rajesh and Kumud catching pen  
 For getting into trouble we always get ten  
 Our mischievous traits may have given our teacher some trouble  
 But that's summing up our high school in a bubble  
 And at the end united we stand  
 Together we are fal-lal.

**Shreya Paudel**  
**XII-Sci. A6**

## LETTER TO PRASADI ACADEMY

Date: 2072-11-28

To  
 The Chief office  
 Manbhawan, Lalitpur.

Subject: Letter for Appreciation

Respected Sir,

It's time to say goodbye to Prasadi but before departing I am penning this letter to express my happiness and gratitude to Prasadi for providing quality education from extraordinary teachers like SSA, SK, KBP, RT, SH, RPY and MDM Ma'am .

The way of teaching of MDM Ma'am and SK Ma'am and their inspiratory lectures are just awesome. "Can I have your attention, please?" of MDM Ma'am and "Aba chai dherai vo hai A8" of SK Ma'am are something that make me laugh. SH sir, the best chemistry teacher, must be only one in the globe who could teach chemistry in such a funny way. Eyes were busy at staring board, ears were busy hearing him, hands were busy copying and mouth was busy laughing loudly in his dual meaning statement. This is how a year passed. There are other teachers who hesitate to give more information than syllabus though they know about it very well SSA Ma'am is an outstanding teacher. Her teaching behavior and knowledge is boundless and incomparable to anyone.

Hats off to all you teachers. Thank you Prasadi Academy for providing an opportunity to be the student of those teachers.

Yours obedient,

**Arike Baskota**  
**XII-Sci. A8**

## THE TWO YEARS OF SCHOOL

It is hard to believe two years have passed since we embarked on the journey of the final two years of our epic school lives. I am glad to say that I have chosen Prasadi academy for this challenge. I met quite some amazing friends and the teachers who were very much dedicated on us to improve our studies. At first when I enrolled here I was quite nervous because I had heard that Prasadi was quiet strict and that we had to have short hair and we had to only study continuously as there were no extra-curricular activities for us to take part in. But as the time passes I began to realize it was not true.

In grade XI, I made some awesome friends in section F3, who used to make me laugh. Friends like Jeeban Shahi, Bibek Adhikari, Shaj Shrestha, Abhishek Thapa and Pratik Singh. I didn't know how time passed so quickly amongst them. Lectures of all teachers that enlightened us and the teachers themselves who used to encourage us to push and try our hardest to do our best in studies. Time passed and soon the session was over. I was sad about leaving behind the friends I had made in this class. All the memories we had made together, the jokes we used to crack, the laughter and the fun lectures.

After a year back we were to be separated in grade XII. I was worried about entering a room filled with strangers but there was an enthusiasm of meeting and making new friends in this section A5. I met some very special and funny friends in form of Anuj Shah and Ojash Giri who became my bench partners. Since the very first day we got along talking about our interests. With them time passes like a fast flowing river and I began to enjoy their company. They were real comedians of our class and I was glad I met friends like them. Although this was short lived Ojash was moved to first bench and then it was just me and Anuj but we used to enjoy nonetheless. I made some very nice friends namely Subodh Gelal, Shashank Thapa, Siraj Karki, Miraj Pandey, Pranaya Shrestha, Kricha Jha and Smriti Pandey. The near impeccable imitation that Anuj used to do of RKN Sir and Subodh used to do of KBP Sir always used to make us laugh. Some of the most awesome memories and friends of my school life were made in this class. The memories of picnic at Tribhuvan park and the dancing will forever be etched in our memories. I don't know how these two years passed so quickly but I would like to thank all my friends and teachers for making this a memorable one. It has been an awesome journey and the fine 2 years. As long as you have awesome and trustworthy friends by your side every moments becomes a memory and all the memories become worth cherishing.

# A REPORT ON TOUR DE THAILAND

## Introduction

Life is either daring adventure or nothing and the Tour de Thailand, with great people from Jan 25th to 29th was awesome trip with the most responsible teachers and most enthusiastic friends to explore more. The tour was organized for 5 days 4 nights with the motive of 'Exploring the Horizon of the World'. The tour's final destination was Bangkok and Pattaya; the two most hypotonic place of Thailand. 21 enthusiastic students and 6 teachers headed for the tour to Thailand. The parents allowed their heart's piece to visit Thailand because they believed in the management team directed by Chief Bikram Rai with the counsellors Mr. Bishnu Prasad Panthi sir and Mr. Uddhav Raj Tripathi sir followed by other beloved teachers.

faces of Thai people are one of the things that strike every visitors' heart. The sky kissing condominium, the jaw dropping Road structure strike our mind to stop for sometimes and dive into its beauty.

When we landed on the Suvarnabhumi Airport, we were astonished with its vicinity, so clean and so tidy. We could see the country's progress through its tidiness. As we go by road our eyes will strike one huge artistic framed picture of King Mold. With every considerable distance, we could see the picture of King and Queen. King is highly respected by all the people. He is taken as the father of all Thai people. It is said that you will never walk alone, wherever you go like shops, homes, along the

## Short look at Thailand

Thailand being exotic travelling destination hub of Asia; is a wondrous kingdom featuring exotic Buddhist Temple, breathtaking scenario, spectacular island, fascinating lifestyle and unique culture. The stand epitome of "land of cheerful people." "Thai" means "free", therefore Thailand means "Land of the free." It must show their pride about the fact that Thailand is the only one country that has never been colonized in Southeast Asia while Great Britain and France colonized other countries around.

## Methodology

To prepare this report I have used all sort of resources like internet, pamphlets, books and most of all self observation and interaction with our most charming tour guide Miss. Sandy Phatchree.

## Observations

The tour to amazing Thailand was truly most memorable one that I have ever been. It was memorable because the management was so good and punctual that our every second was perfectly used up in exploring and experiencing the exotic beauty and lifestyle of Thailand. The smiling

streets, in taxis and so on. You will see king travelling along with you, along the streets, shops and many more. Apart from king, we saw the flag of Thailand.

The current national flag of Thailand was adopted on September 28 in 1917 by Rama VI (King Vajiravudh). (Until then, the design of a white elephant on a red background had been used since the era of Rama IV). The national flag of Thailand is called "Thong Trairong"; blue stripes in the middle, white bands up and down of it, and red stripes sandwiches them. Each of those has important meaning as follows:

### Blue: The monarchy of Thailand

White: Religion/ Buddhism (it looks like it came from white elephant that is very sacred for Thai people)

### Language: Thai

They have two dialects spoken in southern and northern part of Thailand. The letters of Thai are quite different from English or Japanese alphabets.

Learning Thai language is very interesting. Our tour guide Sandy had taught common Thai language like, Sawasdee ka: Hello

You can use English in hotels or restaurants where tourists come from overseas. However, you cannot at small restaurants along the streets. It feels like language is not barrier to enjoy the lifestyle of Thailand. Sandy started to give introduction about Bangkok and she uttered very long Thai word and said that was the actual name of Bangkok ,the capital of Thailand. We never dared to learn that. It's called "Krung Thep" (means "The city of Angels"). The ceremonial name is actually really long (the longest in the world): Will you want to read? Here it goes:

"Krung Thep Maha Nakhon Amon Rattanakosin Mahinithara Ayuttaya Mahadilok Phop Noppharat

do you smile so much?" He said, "We Thai are with a lot of affectionate smiles. This is why our Thailand is called "The land of Smiles" and peace starts with smile and smile starts with peace." Whenever they see Nepali, they say "Namaste!" which truly makes us comfortable.

I found that the floating market is most artificially developed touristic area of Pattaya. It shows how the traditional Thai people sell and buy things through wooden boat. Thailand truly attracts visitors interestingly, they would click your photo, frame it and were ready to sell. This shows that how quick they work to attract tourists. Art in Paradise is one of the buildings where my heart says, "Mala, one more time you have to hit this place; I tangled myself Yeah! Sure! I was astonished by the concern the artist has taken to make the best from their heart to the wall of the building; looks like real Lion on 5 by 7 wall staring at us and is about to roar. Don't you feel real.....Yeah! It was virtually real.

Ratchathani Burirom Udom Ratchaniwet Mahasathan Amon Phiman Awatan Sathit Sakkathattiya Witsanu Kamprasit"

This long name means : "The city of angels, the great city, the eternal jewel city, the impregnable city of god Indra, the grand capital of the world endowed with nine precious gems, the happy city, abounding in an enormous Royal Palace that resembles the heavenly abode where reigns the reincarnated god, a city given by Indra and built by Vishnukam." It must be very difficult to remember this for even Thai people. That's why a musician made a melody for this long name to sing just to remember. Even Thai people use that short name only.

When we visit the Grand Palace, we realized how much they respect their king. Buddhism is really sacred religion for Thai people. When you visit temples, they might not let you to enter if you don't care about dress codes, like exposing shorts and sleeveless shirts aren't allowed. Correct behavior and put on proper clothes before you visit temples in Thailand. When I asked one of the vendors, "Why

## Conclusion

Being globetrotter and going with such great zestful team was a great experience. To learn about little history of Thailand and contemporary society of Thai people is really a big opportunity. It's like adding a cup of knowledge in the little brain. The tour was so good that it doesn't have any adverse comments. But everything won't exist at perfect place. This tour would be more awesome if there were more interactions between Nepalese students and Thai students. It will solely boost the confidence of the students. No doubt, experience is the best teacher that we get to know during our tour. We were thinking that we were having 6 days long fun in Thailand but actually we were unaware that we were filling our memories diary.

Really, such tour should be organized by every college of Nepal and enrich the knowledge of students. It's truly beneficial one. Thank you all my friends and the management team for making such tour a huge success. Thanks are due to the parents who truly support and believed in the management team to materialize implement such tour. I owe my heart in respect to Chief Sir and all teachers of Prasadi Academy.

**Mala Deep Upadhaya**  
**XII-Sci. A7**

## MOMENTS TO BE SHARED

Two years in Prasadi!!

Which are gone so fast?

Making us emotional & upset at last.

The 1st day in Prasadi was very shocking,

Our unforgettable talks, gossip & laughing.

Our teacher's knowledge, advice, scold & care,

With you I'm going to share.

Every moment in Prasadi were very memorable,

We the 'Prasadians' are so adorable.

Here the teaching method is very unique and special,

Where the teachers are very strict, decent & social?

The journey from E4 to B10 is mesmerizing

Thanks to massive earthquake that we all got chance to shift in new building

How could I forget my mate 'Shaily Chitrakar'

To whom I teased by saying 'Chakarmi & Pitrakar'

Vawana Dhakal is my bench mate,

Looser, cheater is all she hate.

The another girl is Kripa Pandey

Who hates the day when it comes Sunday.

Trishna is sweet, soft & cute girl,

By looking her pretty smile everyone would fall.

Nistha, Pragya and Somika are the brave one

None can compete them in their haana haan.

Bipu and Regina are my partners in crime,

We will shine in coming time.

Nirajan is talented and helpful person I've ever met,

Everyone knows his future is all set

Bishal, Pokharel, Aashwin & Roshan are the party lovers

Which are famous by the name bike-riders.

Ricky, Beeky the two twins brother who are very helpful,

Make every moment in the class cheerful

Sarjik is the macho man,

I think he got dozen of fans.

Oops! I forgot to mention about surprise bag checking days

Where they caught chocolates, lipstick, happy-dent, kurkure and lays?

Homework checking day makes our bag full lots of loads, It is the most every Prasadian loathe.

The samosa, momo, burger of our canteen

Which helps to maintain our diet routine

1st march was our picnic day!!

It was all full of fun we all say

Those unlimited fun & dance,

I'd never left a single chance.

Only few days are left here

I don't know what is going to be next there.

Now, let's say good-bye but it's not the end

Yes I read in Prasadi and I'm proud to be a Prasadian.

## THEN NOW AND FOREVER

"Time flows like a river and it doesn't stop". School days are special for everybody; they give most of us with some unforgettable moments and so were mine. Prasadi gave me memories to cherish forever. I believe memories serve as a tunnel to past. I still vividly remember my first day at Prasadi. I was so excited about meeting new people. Also, it was hard, more nerve-wracking. Some days passed and I finally became familiar with my schoolmates faces. I got the acquaintance of a large number of fellows having different qualities, habits, manners, etc. I started asserting myself so that I'd call my friends by their names, some even nicknames. We would all be chatting, gossiping and laughing as if we were friends from ages. In the couple of years, life became full of pleasures. A feeling of solidarity was formed. A Prasadian life is, no doubt, is the golden period. The picnic arranged by the Prasadi academy was the best picnic I have ever had. It's a training ground on how to be a successful and to become a good human. Teachers in Prasadi are quite friendly and persuasive. Prasadi life is pleasurable for providing a large company of active friends of similar interests. I hope the life ahead will have many things like success, prosperity, happiness, satisfaction and lots of knowledge but every memories of days spent in Prasadi Academy will be more special than any of them.

## ME IN PRASADI

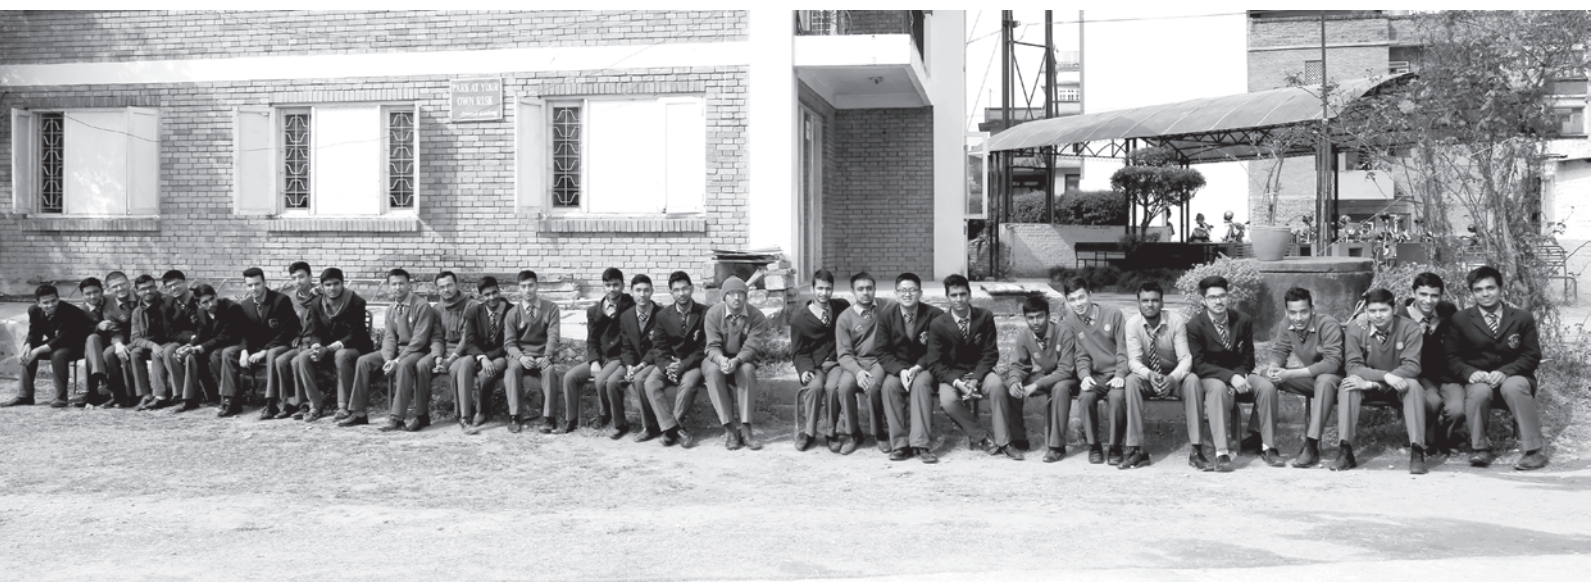

With mind full of anxiety & thirst for knowledge, I became the member of Prasadi. Some early days passed and ended on Just on understanding and adapting on Prasadi life. My journey of +2 began from F4 and ended on A8. I compare those two years with a single day beginning with dazzling sunshine, then challenging and sweltering heart leading to the dark cold night, and lastly the happy dream and happy ending of a day. Two years journey started with excitement of reading science, happiness with friends, all challenges for completing entire book in a single night, unsatisfied marks and finally joyful moments with friends especially picnic day and the ending days.

Now, it's time to wave hand to Prasadi and depart. But there are some moments carved in my mind and aren't going to erase till I myself get erased. Homework checking, surprise bag checking & irritating mosquito bite (in grade 11) are part of my memory. The most memorable day was in Kukur Tihar of 2071. On the very day though was few minutes late, I was given chance to attend class without going to time office. We had holiday a period before and most interesting was, in spite of the fact that taking sweets in Prasadi academy premises is strictly prohibited, Chief sir distributed Korean chocolates expressing his happiness for attending college on that day. Ishwor, Nipurna, Rishi, Rakesh, Sanjay, chemistry numerical master GB (Gaurav) and all friends of F4 made my year 2071.

I think A8 is the best section in history of Prasadi. How can I forget S.H Sir's lecture. I cannot forget friendship with Arbin, Pradip, Bishnu, Sujana, Rishav, Bed Prakash, Uttam, Ayush, Pooja, Sampada, Shreeya, Mangila, Binita and all friends of A8. Sorry, I cannot address you all (52 Of A8) but you are in my mind. Unusual and funny behavior of Sailesh still makes me laugh, Shammy's hair style part of gossip. Memory of worthless trying of Ujjwal (6685) to prove himself as an innocent after being caught is still fresh. Picnic, the most enjoyable day of my life. I hadn't even imagined the day would be so joyful with you guys. I am going to miss it a lot. Dancing (it can be called as jumping as well) with you all my best friends were awesome.

Lastly, thanks to all my friends for teaching me the meaning of friendship and grand salute to respected and outstanding SSA Ma'am, S.K Ma'am, R.L Ma'am, MDM Ma'am, S.K.I sir, S.H SIR, R.K.N SIR, BPP SIR, RPY SIR & RT SIR, Proud to be your student. Hope your love and blessings remain throughout life and I wish memory of Prasadi never fade away.

**Arike Banskota**  
**XII-Sci. A8**

## CLOSING THE BOOK

I started this book of hard work, for about 2 years ago and going through it till now. At first I was new to this book so that I was feeling much problem to read as it wasn't fluent. I felt like I wasn't made for this because it was quite tough at the beginning as all books do, but after sometime, there came a part where all the stories turned into joy and peace and I felt quite comfortable with the environment. It was only possible because of my friends and my supportive teachers around me.

I was a character of section F9 at the beginning. I was in problem because I didn't focus on study much as all my friends did. But slowly as the book proceeded I was soon familiar with my friends and characters like Prabesh K.C who helped me to uplift my studies. I had a good time with friends like Sachin Amatya, Bidwat Jung Raut, Nikhilesh Chettri, Rojan Maharjan, Reedema Khanal, Gayatri Subedi, Prashanti Tamang and many friends whom I cannot mention due to lack of writing space. Later, after my journey was finished in F9 I was shifted in the section A5. I was much familiar with all the characters there because I was much experienced and confident. Slowly I became a part of this book not only as a character but as a family.

Now, that we are leaving and going on our separate ways, I still have a feeling that this wasn't just a coincidence it was meant to be, we were meant to be a part of a family and share the precious 2 years of our life with such a heavenly experience. Soon the book will be closed and I will be missing Prasadi every time. I hope that it will be fine as I had time in Prasadi.

Finally, the environment was the best here, I felt I was in some kind of Rishi Muni's gurukul at the first because the environment was so fresh and we were kept to be there in discipline. Thank you Prasadi

#Proud to be Prasadian

**Siraj karki**  
**XII-Sci. A5**

## MY DAYS IN PRASADI ACADEMY

Memories play a very confusing role. Making us laugh and cry. I still remember my first step taking in Prasadi Academy which had helped me to build up moral character and education. Here, I have some good and bad memories.

I came across many friends who have helped me in many ways. Some good memories with friends are like doing mischief things in the class, helping each other in studies and many more. "Prasadi Academy" is a mysterious journey where I had to face many memorable consequences and had to compromise on many occasions, but I still feel proud. The hard working and determined teachers have given us the knowledge and made us independent, educated and good students. They are always precious to me. Joining Prasadi is the best thing ever happened to me because this college is like the real world which provides platform for the students who are serious in their studies and future. In my view this is the best +2 college which is suitable for who wants to pursue his/her bright future.

Today, I thank to my friends with whom I stepped ahead in my life, whose presence made my life so meaningful. Prasadi has taught me to acquire knowledge not only by accumulating bookish knowledge and securing high percentage but also by making us good persons, having outstanding character, great personality, positive thoughts and attitudes. All the moments I had here are priceless. Today when my +2 time is coming to an end, I want to stop the time but it never halts. So I have to live every second of my life with lots of joy and happiness.

Lastly I want to say "I am Proud to be a Prasadian."

**Prabha Thapa**  
**XII-Mgmt. B9**

## PRASADI...FROM MY VIEW

People often fancy this institution as a store house of strict rules and regulations. However, in my experience, I found Prasadi Academy :

"Where the doors of opportunity is opened to all firm studies"

"To make them able to acquire their achievements"

"To be enrolled in Prasadi one should pass that dare"

"Where the thirst for knowledge is quenched by drinking from love and care"

"Where discipline rolls down like water and inspiration like a mighty stream"

"Prasadi is one which actually helps you to fulfill your dream"

"Studying in this academy life goes on very interesting"

"Where the jangling discords of students are transformed into a beautiful symphony of rational being"

"Where every inch of premises is filled with knowledge like a rose tinged with pleasant smell"

"Life without an aim leads one to the situation of lifelong yell"

"Be a star and try to shine like pulsar"

"This is Prasadi academy where care is culture"

Message:

Life means climbing the hardships of mountain so as to enjoy the opportunity of getting wet in fountain. Don't feel upset and assume yourself lonely. Reaching to your destination should be your aim only. When the result is discouraging never assume it as a canon in fact it is just an event not a continuous phenomenon.

**Nirajan Subedi**  
**XII-Mgmt. B9**

## PRASADI: THE PRECIOUS JEWEL FOR ME

Time flows on perennially, without a haul, without a stop. It masters the whole universe, how could we humans be an exception to this? We all are its puppets following the path it leads us to....but today, if I were granted one wish, I wish for the time forwarding steps to steps, its augmented pace to decelerate so that I'll never have to leave Prasadi ground; my friends and teachers.

All the memories of these two years will stick on to my mind and heart, embossed with the remembrance of my greatly inspiring teachers and my faithful and helpful friends. Through this article, today I'd like to thank everybody in college who loved and supported me. There will always be a special place for all of you in a chamber of my heart. Never in my life shall I forget these two years that have truly changed me. Prasadi has indeed taught me a lot where I first learnt to challenge the limits and also to make friends.

I heartly thank for the support, inspiration and direction of the teachers and they will remain at the innermost core of my heart as they struggled for our better future. They might have felt bored while checking our homework and revising the topics and question bank practice in class. The Chief Sir has really managed it all and truly he is a miraculous person. These memories would be incomplete without my great friends without whom I could have never adapted. Caring friends like Chandan ,Prajwol, Abishek, Abhay and Nikhil also Shammy, Anup, Arbind, Uttam , Shailesh never let me down. The most memorable day was Feb. 29, 2016; the day of picnic for grade 12 at Tribhuvan Park where I enjoyed and danced a lot.

It's really hard to get departed but my heart says, "Don't be dismayed to wave the hand at departure because departure always doesn't mean the end of everything but merely the beginning of something new to be happy again. So lastly miss you my Prasadi (priceless jewel) and my lovely friends. Love U a LOT.....

**Abinash Yadav**  
**XII-Sci. A8**

## RAVISHING DAYS AT PRASADI

Prasadi what does it really stands in my words.....umm!  
Here I go

P - Power

R - Round and

A - Around that

S - Surrounds

A - All with

D - Devine

I - Integrity

Shaking hands, trembling feet, sweating thoroughly with lots of questions stalked to my mind, full of fear, happiness in my mind. I came at Prasadi. As I entered the gate leaving my papa's hand and got into the school vicinity, I was in the different world of course and sudden feeling arose in my heart and different judgment arose in my little lump of muscle present inside my skull. Oh! Wow how can I ever forget it, I was officially in the higher secondary level that day.

The day was really a kind of unknown dreams. Aerating my whole soul, mind, body, feelings, and judgment. The day became photograph to me. Of course the days were dreadful to me at beginning. The activities all were like piercing thorn to each of my body parts, tear abundantly fall though my eyes like the dewdrop in blade of cynodont. I thought I was not a deserving candidate to hold the title of "prasadian". Contradict to all of these days has made me feel the truth. All I feel on those days were for my new experience, new opportunities, and new ways of living completely new life style. Tears rolls and drift through my chubby cheeks to remove and erase all the past things and create a place for new one, to hold on my mind that once crossed won't ever go. Being prasadian was indeed tough at beginning but I thank to family of Prasadi to make me capable enough to hold the title "The Prasadian".

**Priyanka Anand**  
**XII-Sci. A7**

## END OF A PERFECT JOURNEY

It's unbelievable how time accelerated pretty quickly and unknowingly two years have gone with a blink of an eye. Now is the time to leave the college but some memories are just hard to forget. I still remember my first day of college. With new hopes and expectations I walked into the gates. I was basically late on that day so my fear and nervousness rose as hell. But I felt cool when I saw some familiar faces. The friends I went school with and I felt fortunate that they all were in a same class E2. As time passed, I made a lot of friends who were very nice, it's hard to mention them all but they were true & honest friends I ever had. These people were not only my friends but they hold special part of my life. We spent the year enjoying & studying. We were excited to join grade 12 but not ready for separation. I missed a lot of friends due to this.

Entering in a new class, I thought myself to make this year as exciting as before. I had amazing and unforgettable moments with new friends. We used to play hangman, bingo etc and even made games during class. It was incredible. Mostly, the surprising bag checking, hair checking, homework checking, heavy books, holiday notices everything is going to be missed.

I would like to thank all my friends, teachers and members of Prasadi for giving me the best memories of my life and making my college days fun & extraordinary. So I express my gratitude towards Prasadi academy for all the knowledge, discipline and experience you gave to me. I wish every single friend to have a very best of luck for fantastic life ahead. Now with a painful heart: Good-Bye Prasadi Academy. Going to miss you a lot.

**Atul Bhaju**  
**XII-Mgmt. B9**

## MEMORIES DOWN THE LANE

How can I forget the first day I entered Prasadi Academy with my heart filled with different shades of emotions. That day, when I entered my class 11 F'9'. I could see everyone's eyes glowing bright. The brightness of their soul could reflect in their eyes. But I was not able to shine bright as to the nervousness trapped within me. By being around those new faces, all those determinations and all those hopes with which I came along, had started to fade away. I hardly spoke to anyone that day. But as the days passed, the place that once made me feel so nervous, had started to bring back the determination within me. I started making good friends who became the most important part of my life. They brought back all the brightness that my soul had lost and made that glow brighter than ever. I slowly started enjoying my days in Prasadi Academy and started cherishing memories that would remain inside my heart for the rest of my life. Gossips with my dearest friends Parthana and Poonam, hilarious laughter of F'9' and some epic dialogues of teachers are the brightest part of my memories in F'9'. And yes, how can I forget the late homework submissions, the bag that seemed heavier than the whole library, the LONG 20 minutes break and getting punished for being late in class. I never realized that I was living a wonderful moments that would shine like the brightest star in the galaxy

of my memories. One year in F'9' passed with a blink of eye.

Then there was the totally new journey of A'12'. This year was brighter than the previous year. We laughed even louder made a lot of memories. This year gave me wonderful friends like Sweta, Anjila, Bandita, Cindrella. And Barsha. Bandita's and Prathana's sudden burst of laughter, Pujan's hilarious voice, Sangam's never ending questions, Sachin's pronunciation, and the gossips are some of the wonderful memories of A'12'. And the most important of all, some dialogues of teachers like :

S.H sir : Board ma bolauchu hai, tomato haru, don't worry

RT sir : What do you eat ? Grass

URT sir : khayal gara hai,

SND sir : ko ho tyo sahin vanne book nalyaune haarulai mero salaam cha

And of course, I'll never forget the laughter shared with my dearest friend Nilanjana and the fun filled moments spent with Shreeya. No matter wherever I will reach in my life, I'll never forget everything learnt from the chief sir and all of my teachers. Prasadi Academy has taught me to touch the greatest heights of sky and to remain rooted to the ground as well. Though my journey has come to an end, all the memories spent here will remain within me throughout my entire life. Thank you so much Prasadi Academy for awakening my brighter side. Whenever I will look back at the memories spent here, I will happen to smile from somewhere within. Proud to be a Prasadian !!!!

**Aditi Khanal**  
**XII-Sci. A12**

## TWO YEARS IN PRASADI

For me the two years in Prasadi academy was unforgettable. On the first, I went to the school in order to attend my classes in day shift but to my surprise I was placed in morning shift. In this way, I missed my first day and the excitement and nervousness I had for the first day were all in vain. The next day, on my first day I entered class super nervous and alone. Slowly I became familiar with the classmates. The rules and regulations, surprise checking, exam without any gaps and lots of homework's.

XII was more fun than XI as we spent more time being mischivious. We indulged in activities like gossiping about the random topics, small snack breaks between classes. Beautifying Beenu's hair was our favorite leisure activities. Shreya and I were always confused by RPY sir, always under the radar of RKS sir and had also created a certain name in extra maths classes. Adoring and teasing Sony for her studious and innocent traits is something, I'll always miss. The picnic where I danced madly and enjoyed abundantly will always be cherished. Prasadi will always hold a tiny spot in my heart and I will cherish it all my life.

**Rhea Mahato**  
**XII-Sci. A6**

## An Interview with Dayahang Rai

Favourite Place:	Bhojpur
Food:	Rice with meat and pickle
Dress:	Jeans , T-shirt ( informal)
Movie:	Not one Rain
Nepali movie:	Kalo Pothi, Numaphung
Heroes:	Saugat Malla, Sun Pren, Tom Hank
Heroines:	Priyanka Karki, Richa Sharma, Keki Adhikari
Colour:	Sky Blue
Director:	Jyangimau
Singer:	Narayan Gopal , Deep Shrestha
Musician:	Gopal Yonjan

Dayahang Rai who has been one of the popular heroes for past few years , awarded Film Fare Award regularly three times by the National Film Development Board of Nepal Government. This year as well he has been awarded as the best hero for his film 'Kabadee Kabadee'. Apart from this, he has been awarded by Nepali Film Industry about a dozen of times for his best performance. The first movie he made his debut was 'Anagarik'. He is popular mostly among the youth. His popularity among the youth began with his movie 'Loot' and has worked in dozen of movies and half a dozen are in upcoming list. He looks cool and gentle and he started his film career as a stage performer. Even at present he is busy for Mandala Theatre.

Recently the students of Prasadi Academy have taken Exclusive Interview with Dayahang Rai:

### How do you introduce yourself?

Well, I was born in Bhojpur and spent my teenage there and completed Certificate Level from Bhojpur Multiple College. I stepped in Kathmandu to pursue my university education from R R College in Bachelor. I began to involve

in literary activities as I was vaguely interested in 'art and literature'. I joined Mandala Theatre and got a platform. I had a dream to be a successful artist which eventually turned true.

### Could you please tell us briefly about your family?

Hmm, I have got one elder brother and one younger sister. I actually have got two mothers so there is ten years gap between me and my older sibling. My elder brother left for Kathmandu when I was just a kid.

### How would you like to describe your success in film industry? Had you ever imagined yourself as a film star when you left Bhojpur for Kathmandu?

In fact acting was not any new sector for me. I have been involved in drama performance from Bhojpur itself. So I don't think it is a significant twist I had in my life as such. It was in 2056 BS when I went through 'Andhyaroma Banchneharu' by Man Bahadur Mukhiya. It inspired me so much so that I decided to be a playwright. To recall my past, there used to be drama performances in local level during Tihar Festival. The progressive youth of the society used to be involved in the program. I was brought up in such society which inspired me to be an actor.

**How did you pave your path for literary career after you arrive Kathmandu?**

**If so, did you design other playing objects as well?**

Yes, I did. Actually I made a gun in my very childhood. I used umbrella rod, explosive powder, pieces of wood and so on in my gun. I even sold good numbers of guns to my friends. They all loved it and there was a real demand for that.

**Despite the fact that you did not have problem for bread and butter and your family could satisfy your basic needs, you earned for yourself, why?**

Well, to tell you guys the fact, I loved being with my friends and I wanted a good social life. I used to have great satisfaction giving treats to my friends. Besides I used to earn working on my field of interest. I enjoyed doing that. I had a special interest in generating electric light from dynamo of of bicycle. I heard that dynamo could

As I told you guys before, I joined RR college as soon as I arrived Kathmandu. Since I had always had interest in literary life, I visited art council and got opportunity to see great literary figures. I used to go to NaachGhar and concert very often. Well I was a very good listener and I used listen all the programs patiently.

**We have heard that you were very artistic from the very beginning and you used to make toys back in Bhojpur. What would like to say about that?**

Yes indeed. I was from an ordinary family and we had no other source of income as my parents were farmers and we had to rely on what they earn. However, my friends were from well off family. I used to design wooden chess board to manage my own pocket money.

be bought in seven hundred in Dharan. I struggled a lot for it but in vain. However, I earned money by selling bamboo baskets.

**You join film industry when you should have been in college. What reactions did your guardians have ?**

I feel really lucky to have such supportive parents. They always trusted me and my skills. I was even supported by my relatives and villagers to work on field of my interest. I still remember, I almost damaged my uncle's shirt as I wrongly used my khukuri. I still remember once I made wooden four wheelers and chess board with wooden dots. I even brought my chess board along with me in Kathmandu.

**Have you ever been praised for your creativity?**

Yes, once when I succeeded in making watch. I could keep second, minute and hour hands in right place and it

I cannot imagine my success in film with appearing in stage. I was quite unknown as I was about to make my first debut in films. I was used to writing the script of plays and direct them. I eventually learnt acting in real sense from the stage and finally got opportunity to be an actor.

**Are you interested in writing stories for films as well?**

Of course I am. But I don't think I will be able to make it. I feel I am made for acting rather than script writing.

**You are involved in both stage performance and films. Don't you sometimes get tensed?**

I enjoy my work. I believe in team work. Moreover, I can manage my time perfectly for both. It was a great challenge for me to establish myself as an actor in 'Mandala Theatre '. Hence I don't want to give up either. I am really fine with both.

worked. I did not know myself how I made it. I got highly appreciated for that. I was actually favoured by luck then.

**It is said that you were greatly inspired by Anup Baral. How do you remember him ?**

Hadnot I met Anup Baral, I could never have established myself as an actor today. The credit goes to him. He was the teacher at workshop. I was able to influence him. I got many opportunities to work with him. It was 2061 when I first got a role in a serial called 'Dalan'. Then I decided to join acting course. Fortunately, I got opportunity in 'Anagarik' produced by Baburam Gurung. It was my first movie based on Gurung community.

**In which genra do you find real satisfaction? Plays or Films?**

Plays of course. I got started with plays and besides I do enjoy plays a lot. It taught me a lot as an actor. I do have my understanding in both yet I give my first priority to plays.

**Which one do you prefer economically?**

Of course films! However one can survive as a stage actor too.

**Are you an actor or a hero?**

Obviously I am an actor. In my opinion all heroes and heroines with certain roles in film are all actors and actresses.

**What would happen if you appeared directly in film industry rather than stage?**

**Had you ever thought that you would achieve such a grand success?**

To be frank I had never thought. It was beyond my imagination.

**Do you find significant differences between Dayahang Rai before and after being the celebrity?**

Definitely, my social horizon has been widened. I had limited friends and relatives as an ordinary man.

## CREATIVE ACTIVITY

I could go where ever I liked and talk to whoever I liked. I could use public vehicle but now I have lost my privacy. I have become a public figure. Especially after 'Loot' there was drastic change in my life.

**There is rumour about your closeness with 'Priyanka Karki'. What do you say about that?**

It is only 'hearsay'. Our thoughts and attitudes are similar. She is one of the well trained actresses of Nepal. We worked together in six different films I feel comfortable to work with her.

**In the field of glamorous film industry, what kind of competition do you find?**

Certainly, there is. But I believe in fair and healthy competition. There are two schools of thoughts in film industry. Once there was a belief that the actors from stage would do 'Loud Acting'. They did not prefer stage actors for the films. However, at present, this belief has been changed. Most of the successful actors like Saugat and Khagendra

keep up with their expectation as long as I can. I do take their suggestions and criticism positively to prove myself best in this profession.

**It is generally assumed that a hero should be handsome, excellent at dancing and fighting. In which category do you belong to?**

I guess I told you I rather preferred to be called an actor than a hero. Obviously, the public judges us with different measuring rods. To be honest I don't feel comfortable while dancing. Well, its director's job to find suitable role that suits me.

Lamichhane have come from theatre. Personally, I myself have come from stage and as I told before Dayahang today is because of Dayahang in stage before. Acting in stage and big screen aren't contradictory but overlapped.

**How do you feel if the film is proved to be flopped, you have acted upon?**

In each movie I work with full fledged efforts. I am always optimistic. I don't only rely on the rumours about being hit or flopped in commercial movies. Once a flopped movie in one place can hit the box in another place.

**People in the society have high expectation from you. Don't you feel sometimes what will happen if you fail to keep up with their expectation?**

Well, I know, the public has got real expectation from me as a young artist. Yes I do have a respect for their feelings as well. I assure you that I will

**How do you evaluate directors?**

The movie 'loot' in fact brought a drastic change in this field. Young directors with new visions and promises have emerged in this field. Nischal Basnet is undoubtedly a potential director. Similarly, Baburam Gurung has proved himself to be best director to portray the rustic life.

**Some people think that entering into the world of glamour means to spoil oneself. What is your opinion?**

I strongly disagree with this statement. Some people criticise glamorous world but one should be ethical, sincere and hardworking in the field we are involved in.

**The movie 'Loot' hit the box office. Now you are making next series of 'Loot'. How's is your preparation for 'Loot 2'?**

Definitely, the audience have more expectations in 'Loot2' than the former one. it's a great challenge for the whole team of 'Loot'.

**What role does education play for the stars?**

Education is primary requirement for everyone regardless of one's profession. In my case, I couldn't take my academic life ahead as I didn't get subjects of my interest. I used to find English very difficult and I could never complete even my certificate level without it but I do enough self-study to keep myself updated in academic field.

**How do senior actors and actresses behave with you?**

I often meet them. They appreciate my work. They also advise me for my better presentation. I am very grateful for that. Well, Rajesh Hamal, the senior actor and I have worked together in both film and stage programs.

**Why do you think there is significant gap between Indian and Nepali movies?**

Bollywood film Industry is incomparable. It has got long history. They started presenting fantastic world as a real world. They are technologically quite ahead than us. We actually have been following them. We have just started presenting ourselves as we are. The directors have just learnt to give Nepali flavour to the audience. We are in the beginning phase.

**Do you take classes for the new artist in academy?**

Yes, we have been taking a six months course of theatre for last few years. There are better teachers than me. In my classes, I mostly share experience.

**How do you manage your time for your family and profession both?**

I generally work with proper planning. My wife too is student of music. She gets busy herself. If there is proper understanding, family life and career goes together.

**Finally, what would you like to tell the students of Prasadi Academy?**

This period is a golden period to shape ourselves as future Doctors, Engineers, Pilots and Administrators and so on. I only advice you guys not to waste your creative and valuable time. You are on your productive period. Be positive.

Name:-Pawan Lal Bijukchhe  
 Grade:-12- A5 Code: 6649  
 Memories:- Hiding friend's copy, books making friend busy when it's time for his roll call, dividing book to carry during H.W checking day. And favourite dialouge:-  
 Teacher:-Yesterday absentees.  
 Students:- (Stamping foot) Today also Absent.....  
 Message:- Every dog has its own day, wait for it and show them how loud you can Roar..

Memories: I remember my 1st day in prasadi, when we were instructed by long listed rules & regulation of institution. The best example of guidance was when chief sir explained us schedule to study at home. It seemed funny for us when teachers instructed us the way to cross the road, get on the bus, eat fresh & healthy food, but the deep down it was important & meaningful. The moment which any prasadian could hardly forget was the day of picnic which was full of entertainment.

Message: prasadi is like a temple where you get 'Prasad' in the form of knowledge, care, wisdom. Prasadi: Prasad that "It's an institution, where care is culture". I'm proud of being prasadian.

All the moments spent  
 in Prasadi Academy were beautiful  
 moments like :- laughing with friends,  
 dialogues of teachers, killer smile  
 of G.T. sir. etc were all memorable.  
 Clases of SH sir and P.K.G sir  
 were always fun. as a whole  
 all the moments were precious.

Message:  
 The thing is you dont know  
 what's going to happen tomorrow, life is a  
 crazy ride and nothing is guaranteed.  
 Stay hopeful ahead.

**Memory:** All those moments which I spent in 'A8' and 'F4' were memorable. Incomplete homeworks, frequent hair cuts, football talks, cracking jokes, loud laughing in ~~classes~~ were best of the memory that will remain engraved in my heart throughout my life. Friends that I made here will be always remembered. It was honour to be students of teacher like RPY sir, SSA ma'am, GTS sir, SKS sir, RPS sir, SR ma'am, SKI sir etc. P.A academy taught me several things that will certainly help in future.

**Message:** Where there is life, there is hope.

Memories: Coming late in college and got scolded by BPP all the times. Laughing and cracking jokes with my friends. Specially at grade XI with Regina & Trishna. Acted like a mad at Pulchowk sky bridge. I am lucky to have warm and loving friends in Prasadi. Dancing wild with my chatter box **PRAKRITIE** and silly dance with Purna. My loving friend, friend who supported me all the time.

Message: Always come in time with pull attendance. Do your homework on time. You will enjoy all this being Prasadian.

PRASADI ACADEMY is finally welcoming a brand new way of living, ...no more running towards canteen, in 13 minutes break, no more gossip with fellow friends, everything is over with a blink of an eye, Doing homeworks (late night and unannounced bag checking and yeah! Picnic is the best fun part. Thank you for being there my fabulous '6' E'2' girls (Luniva, Nishal, Malika, Sadikahya, Rashmi, Sanju) talking with them is like I found a sisters for life!

FUN TO THE POWER INFINITY WITH THE HACKPACK GROUP!

**Memorial:** I don't know from where to start in Prasad Academy, it gave me big shock at first. It has very strict rule but then you get along with here rules and everybody said it is strict colz and it is true. Mostly I remember my classmate friends, teachers. In our school it is hard to see principal but here it is different he came time to time in each class and interact with us, it feel friendly but still he is strict. I miss here canteen foods, old building, library, classroom, time office, toilet's mirror and mostly walking fast in cold morning with sootavi so that guard wouldn't said us to return home.

**Message:** Just chill and have fun. Be serious in the serious situation. Don't think lot about people and world much. Do what or heart wants and be good person.

Helping for the treatment to our school Staff.

Honor received from Honorable Deputy Prime Minister as '+2 of the Year 2073'

Awarded for National Excellence by HSEB (NEB)

Continue excellence from last 18 years...

# MESSAGE FROM SCHOOL CHIEF

Knowledge generates power and power is the base to conquer the world. As it is known education is the foundation of human life, it grants the success in the life of every individual. It is my great pleasure to experience the efforts of my students exposures in various creative activities exploring the world around. Prasadi Academy has been able to produce competitive human resources for about two decades. Every year hundreds of enthusiastic minds enroll here to master their knowledge. Creative involvement of students as such not only helps them to broaden their knowledge but also exposes their core talents to face the challenges in future. For overall development of the students, Prasadi Academy leaves no stone unturned to deliver quality education.

I'm very glad to see my students' enthusiasm in publishing "Prasadi Souvenir 2073". The literary piece; poems, articles, essays, jokes, travel accounts inside this souvenir helps students to share their knowledge, experiences and also exposes distinct cultural practices. I believe, It increases creativity of students and broadens imaginative power which may lead even to explore policy making ideas.

Children are the zone of peace. But sometimes those innocent minds are deprived of from the smooth educational environment. Recent boarder blockade really hindered the flow of peaceful teaching learning process. The crisis of basic needs created difficulties to continue academic exercises. Still the optimism, dedication and joint support of our students, guardians and the teachers never let us feel low in moving ahead.

Prasadi Academy always expects fruitful cooperation from guardians, students and teachers to take the institution to its pinnacle of success. I always wish for the continuous cooperation in the days to come from its well-wishers. I would like to assure you all for imparting eminence education to address the requirements of 21st century that would be possible only with your constructive supports.
